A complete history of The Rolling Stones in New York City. When the Rolling Stones first arrived at JFK Airport in June 1964, they hadn't even had a hit record in America. By the end of the decade, they were mobbed by packed audiences at Madison Square Garden and were the toast of New York City's media and celebrity scene. More than fifty years later, the history of New York City and the Rolling Stones have entwined and paralleled, with the group playing in nearly all of the Big Apple's legendary venues. Along the way Mick Jagger, Keith Richards, and the rest of the Stones have left an impact on the culture of the city, from the turbulent "Fun City" of the 1960s and '70s through the twenty-first century. The evolving career of the Stones has

often reflected the cultural changes of the city, as the Stones and their music were the center of social and political controversies during the same era that New York faced similar challenges. *Can't Give It Away on Seventh Avenue: The Rolling Stones and New York City* explores the history of the group through the prism of New York. It is a highly detailed document of the dynamic and reciprocal relationship between the world's most famous band and America's most famous city as well as an absorbing chronicle of the remarkable impact the city has had on the band's music and career.

The evolving career of the Stones has often reflected the cultural changes of the city, as the Stones and their music were the center of social and political controversies during the same era that New York faced similar challenges. *Can't Give It Away on Seventh Avenue: The Rolling Stones and New York City* explores the history of the group through the prism of New York. It is a highly detailed document of the dynamic and reciprocal relationship between the world's most famous band and America's most famous city as well as an absorbing chronicle of the remarkable impact the city has had on the band's music and career.

Seventh Avenue tells the story of tenement-born Jay Blackman's rise to become king of Manhattan's garment district at the height of the Great Depression. But Blackman's restlessness and competitiveness tears the seams of his personal life. Among his victims are his wife Rhoda, who manages the dress shop that gives his career its start; Eva, a sophisticated, cynical designer, whose family he eventually destroys; and Terry, a beautiful, bored heiress, who represents all the status Jay dreams of acquiring. *Seventh Avenue* is a sharply drawn novel that depicts a ruthless young man exploiting every opportunity and person he encounters.

The 1995 National Conference on Light Rail Transit (LRT), "Building on Success--Learning from Experience", emphasizes the lessons resulting from the maturing of North American LRT systems. The conference adds to the growing body of knowledge and real-world experiences with modern LRT applications. Volume 1, contains 36 conference papers, organized in four parts. Volume 2, contains both conference papers and associated papers presented at the 1996 Annual Meeting of the Transportation Research Board in Washington, D.C.
