"I Get a Kick Out of You" Sheet Music - 14 Arrangements ...

When playing a fine piano, the amount of pressure applied to the keyboard affects not only the volume of the sound produced, but also the unique tonal character of each note. Therefore, in order to construct a realistic acoustic portrait of each grand piano, not only is each key recorded individually, but also at a wide variety of different volumes, ranging from gentle pianissimo to thunderous ...

## Yamaha CLP 920 - UK Pianos

The amazingly accurate grand piano-like feel is the result of the skills and instincts Yamaha has developed through many years of manufacturing acoustic pianos, paired with cutting-edge technology. To experience the pure joy of playing the piano, look no further than Clavinova. CLP Series . For whom? People who focus on sound quality and elements of feel such as touch and pedal response ...

Continuing the incredible popularity of Alfred's Basic Adult Piano Course, this new book adapts the same friendly and informative style for adults who wish to teach themselves. With the study guide pages that have been added to introduce the music, it's almost like having a piano teacher beside you as you learn the skills needed to perform popular and familiar music. There are also five bonus pieces: At Last \* Have

Yourself a Merry Little Christmas \* Laura \* Over the Rainbow \* Singin' in the Rain. Included is a recording containing the piano part and an engaging arrangement for each of the 65 musical examples. 192 pages.

This work traces the history of the jukebox from its origins in the invention of the phonograph by Thomas Alva Edison in the 1880s up to its relative modern obscurity. The jukebox 's first twenty years were essentially experimental because of the low technical quality and other limitations. It then practically disappeared for a quarter-century, beaten out by the player piano as the coin-operated music machine of choice. But then, new and improved, it reemerged and quickly spread in popularity across America, largely as a result of the repeal of Prohibition and the increased number of bars around the nation. Other socially important elements of the jukebox 's development are also covered: it played patriotic tunes during wartime and, located in youth centers, entertained young people and kept them out of "trouble." The industry 's one last fling due to a healthy export trade is also covered, and the book rounds out with the decline in the 1950s and the fadeout into obscurity. Richly illustrated.

New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country. With award-winning writing and photography covering everything from politics and food to theater and fashion, the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself, while celebrating New York as both a place and an idea.
