That is a great dragon head!!! Super job. I love the dragon concept of age and fantasy. The head would look great just pushing up out of hole in the garden, dirt kind of piled up. Kind of a waking up after a long sleep. Again superb job! 0. stefstimp. 6 years ago

The dragon's head and wind chime is an elaborate type of gilt bronze Korean wind chime and Korean dragon sculpture of later Silla / early Goryeo art, probably serving as a roof end tile figure on a Korean Buddhist temple or Korean palace. There are two similar near-complete examples, at the Metropolitan Museum of Art in New York City, and at Leeum, Samsung Museum of Art in Seoul, which is designated National Treasure No. 781. The dragon scrunched its snout, shaking its head and focusing its attention on something other than the stubborn prince and the sharp barbs digging into it. Virgil groaned. "Stop acting like a big whiny overgrown baby, and listen to me." Insulting the beast probably wasn't his best idea, but the sharp words got its attention.

The shifun has the head of a dragon, feathered wings, and the tail and claws of a bird. A white dragon was believed to reside in a pool in Yamashiro Province and, every fifty years, it would turn into a bird called the Ogonchô, which had a call like the "howling of a wild dog". This event was believed to herald terrible famine.

the Japan-centered perspective of previous accounts and depicts Wanli not as the self-indulgent ruler of received interpretations but rather one actively engaged in military affairs—and concerned especially with rescuing China's client state of Korea. He puts the Ming in a more vigorous light, detailing Chinese siege warfare, the development and deployment of innovative military technologies, and the naval battles that marked the climax of the war. He also explains the war's repercussions outside the military sphere—particularly

the dynamics of intraregional diplomacy within the shadow of the Chinese tributary system. What Swope calls the First Great East Asian War marked both the emergence of Japan's desire to extend its sphere of influence to the Chinese mainland and a military revival of China's commitment to defending its interests in Northeast Asia. Swope's account offers new insight not only into the history of warfare in Asia but also into a conflict that reverberates in international relations to this day.

Her mentor, Merlin, was able to sense something unique about the girl. He understood how difficult it would be for the child to be like others when she was favored by the gods. In awe of Merlin's powers, Tasia learned to rely on him for both guidance and protection. In trusting she failed to question why she had been chosen. An answer she managed to avoid and in doing so, allowed her to deny the strange powers hidden within her
