Chronic pain affects more that 40 million Americans. As a result of these disorders billions of dollars each year are lost.

"A twisty, cold-case mystery custom made for fans of Sara Shepard, PLL and Veronica Mars! The edge-of-your-seat plot, sinister backstory and smart, brave and irreverent main character made this whodunit unputdownable."—Justine Magazine In To Catch a Killer, a contemporary mystery by debut author Sheryl Scarborough, a teenage girl uses forensic science to solve the cold-case murder of her mother. Erin Blake has one of those names. A name that is inextricably linked to a grisly crime. As a toddler, Erin survived for three days alongside the corpse of her murdered mother, and the case—which remains unsolved—fascinated a nation. Her father's identity unknown, Erin was taken in by her mother's best friend and has become a relatively normal teen in spite of the looming questions about her past. Fourteen years later, Erin is once again at the center of a brutal homicide when she finds the body of her biology teacher. When questioned by the police, Erin tells almost the whole truth, but never voices her suspicions that her mother's killer has struck again in order to protect the casework she's secretly doing on her own. Inspired by her uncle, an FBI agent, Erin has ramped up her forensic hobby into a full-blown cold-case investigation. This new murder makes her certain she's close to the truth, but when all the evidence starts to point the authorities straight to Erin, she turns to her longtime crush (and fellow suspect) Journey Michaels to help her crack the case before it's too late. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Newly single, stalked by a killer, and in desperate need of some chic clown shoes--Bella is one skinny mocha frapp away from total meltdown. When the Fritz Family Carnival makes its annual appearance in Truman, Bella's keen reporter instincts tell her the bright lights hide more than they reveal. Her suspicions are confirmed when one of the stars is murdered. Though the police make an immediate arrest, Bella doubts this case is quite that simple. She needs her crime-solving boyfriend, Luke, more than ever. Problem is, his ex-girlfriend has moved back to town, giving Bella some murderous thoughts of her own. Then again, there's no time for a relationship crisis when Bella's doing her best to derail her father's wedding and stay one step ahead of a killer. Is God sending her a message in all of this madness? With a murderer on the loose and her boyfriend's ex on the prowl, this undercover clown has never had more to juggle--or more to risk.

Slasher meets satire in this darkly comic novel set in Nigeria about a woman whose younger sister has a very inconvenient habit of killing her boyfriends.

"These are the last days of Raoul Moat. Raoul Moat was the fugitive Geordie bodybuilder-mechanic who became notorious one hot July week when, after killing his ex-girlfriend's new boyfriend, shooting her in the stomach, and blinding a policeman, he disappeared into the woods of Northumberland, evading discovery for seven days - even after TV tracker Ray Mears was employed by the police to find him. Eventually, cornered by the police, Moat shot himself. Andrew Hankinson, a journalist from Newcastle, re-tells Moat's story using Moat's words, and those of the state services which engaged with him, bringing the reader disarmingly close at all times to the mind of Moat."--Amazon.com.

Amber is strongminded and confident, but her whole world is shattered when her brother returns from the military. His serious mental disorder becomes clear when he tries to kill Amber. Gabriella is an unemployed college graduate from Georgia. She gives up everything for Ivan, the man of her dreams. When he suddenly announces he has a fianc♦ and baby on the way, Gabriella ends up spending a night in jail. Robin is a furloughed employee who strips part-time to stay afloat. When the demands of her job become too much to bear and the unemployment checks stop, she finds herself in a desperate place. Maria is a God-fearing young woman in an abusive relationship with her high school sweetheart and only love. When she finds her worth, she finds her strength, and Bruce is the first to meet the new Maria. Desperate circumstances lead to desperate decisions. Amber, the ringleader, introduces her friends to Stone Cold, who runs a hit for hire agency. When they find out his loyalty comes with an expiration date, will these ladies have enough time to save themselves?

Robbie Jordan may have had reservations about the murder victim, but she still needs to turn up the heat on a killer if she wants to keep her new restaurant open for business... In the charming small town of South Lick, Indiana, Robbie has transformed a rundown country store into the runaway hit Pans 'N Pancakes. But the most popular destination for miles around can also invite trouble. Erica Shermer may be the widow of handsome local lawyer Jim Shermer's brother, but she doesn't appear to be in mourning. At a homecoming party held in Robbie's store, Erica is alternately obnoxious and flirtatious--even batting her eyelashes at Jim. When Erica turns up dead in the store the next morning, apparently clobbered with cookware, the police suspect Robbie's friend Phil, who closed up after the party. To clear Phil and calm her customers, Robbie needs to step out from behind the counter and find the real killer in short order... Includes Recipes for You to Try!

The Beautiful Noise in My Head is a journey through Caribbean waves and the spirits that occupy the coconut trees. This book of poetry travels the world and generations. It unearths the voices of ghosts, which had been lost for a while. With each poem, a vast amount of emotions will be incited in the reader, leaving a casualty of feelings to be reconciled. The book revisits the doorsteps of slaves and fallen victims of the streets. It exposes the candy stealer of the wealthy and gives independence to poor people's fingers. These voices that were circumcised at birth will finally be able to sit at the table and enjoy the same meal as a result of the words that perfume each page of this book. From the revealing "Conversation with a Whiteman" to the provoking "Hollywood Crack House," The Beautiful Noise in My Head travels at a high-rate speed never letting the reader take a breath. They are the sounds the author heard while the quiet became loud with each step taken in a foreign land.

The legendary FBI criminal profiler, number-one New York Times bestselling author, and inspiration for the hit Netflix show Mindhunter delves deep into the lives and crimes of four of the most disturbing and complex predatory killers, offering never-before-revealed details about his profiling process, and divulging the strategies used to crack some of America's most challenging cases. The FBI's pioneer of criminal profiling, former special agent John Douglas, has studied and interviewed many of America's most notorious killers—including Charles Manson, "Son of Sam Killer" David Berkowitz and "BTK Strangler" Dennis Rader—trained FBI agents and investigators around and the world, and helped educate the country about these deadly predators and how they operate, and has become a legend in popular culture, fictionalized in The Silence of the Lambs and the hit television shows Criminal Minds and Mindhunter. Twenty years after his famous memoir, the man who literally wrote the book on FBI criminal profiling opens his case files once again. In this riveting work of true crime, he spotlights four of the most diabolical criminals he's confronted, interviewed and learned from. Going deep into each man's life and crimes, he outlines the factors that led them to murder and how he used his interrogation skills to expose their means, motives, and true evil. Like the hit Netflix show, The Killer Across the Table is centered around Douglas' unique interrogation and profiling process. With his longtime collaborator Mark Olshaker, Douglas recounts the chilling encounters with these four killers as he experienced them—revealing for the first time his profile methods in detail. Going step by step through his interviews, Douglas explains how he connects each killer's crimes to the specific conversation, and contrasts these encounters with those of other deadly criminals to show what he learns from each one. In the process, he returns to other famous cases, killers and interviews that have shaped his career, describing how the knowledge he gained from those exchanges helped prepare him for these. A glimpse into the mind of a man who has pierced the heart of human darkness, The Killer Across the Table unlocks the ultimate mystery of depravity and the techniques and approaches that have countered evil in the name of justice.
