Aaron ' s Story. The sexual assaults occurred twice in 1981 and 1982 when I was in my early thirties. There were three perpetrators, older and higher in rank. One was an officer, a Captain in his forties, and the other two were enlisted E-7/9 and around the same age as the Captain. The assault happened overseas and they drugged me with a " Venus Fly Trap " drug in my soda and violated me.

A Survivor Story I can't describe what it's like to want to scream every minute of every day. Two years after a terrifying night of pain destroyed his normal teenage existence, Aaron Downing still clings to the hope that one day, he will be a fully functional human being. But his life remains a constant string of nightmares, flashbacks, and fear. When, in his very first semester of college, he's assigned Spencer Thomas as a partner for his programming project, Aaron decides that maybe "normal" is overrated. If he could just learn to control his fear, that could be enough for him to find his footing again. With his parents' talk of institutionalizing him--of sacrificing him for the sake of his brothers' stability--Aaron becomes desperate to find a way to cope with his psychological damage or even fake normalcy. Can his new shrink control his own demons long enough to treat Aaron, or will he only deepen the damage? Desperate to understand his attraction for Spencer, Aaron holds on to his sanity with both hands as it threatens to spin out of control.

When Jayden Carter applied to be Ethan Bryant's roommate, he never expected his whole life to change. Drawn into a world he knows nothing about, Jayden joins the beautiful and mysterious Lexi as Ethan's submissive. He then begins a journey of self-discovery that teaches him more than merely BDSM. 'This story is so raw and realistic, you feel as if you are a voyeur watching this relationship unfold from the walls of the room. At first, Ethan seems cold and unfeeling, but the author slowly unveils the man beneath the facade, showing you the tortured soul that lives underneath. The slow build of intrigue and intricate plot twists leave you wanting more. The sex is smoking hot, but the story has such a beautiful quality and cadence, it keeps you coming back for more.' - The Ficionators http://www.ficionators.com This book contains adult content and themes, parental discretion is advised.

NEW YORK TIMES BESTSELLER - NATIONAL BOOK AWARD FINALIST From the #1 New York Times best-selling author of The Lost City of Z, a twisting, haunting true-life murder mystery about one of the most monstrous crimes in American history In the 1920s, the richest people per capita in the world were members of the Osage Nation in Oklahoma. After oil was discovered beneath their land, the Osage rode in chauffeured automobiles, built mansions, and sent their children to study in Europe. Then, one by one, the Osage began to be killed off. The family of an Osage woman, Mollie Burkhardt, became a prime target. One of her relatives was shot. Another was poisoned. And it was just the beginning, as more and more Osage were dying under mysterious circumstances, and many of those who dared to investigate the killings were themselves murdered. As the death toll rose, the newly created FBI took up the case, and the young director, J. Edgar Hoover, turned to a former Texas Ranger named Tom White to try to unravel the mystery. White put together an undercover team, including a Native American agent who infiltrated the region, and together with the Osage began to expose one of the most chilling conspiracies in American history. A New York Times Notable Book Named a best book of the year by Amazon, Wall Street Journal, The Boston Globe, San Francisco Chronicle, Q&Q, Time, Newsday, Entertainment Weekly, Time Magazine, NPR, Vogue, Smithsonian, Cosmopolitan, Seattle Times, Bloomberg, Lit Hub, and Slate

When Aaron's attackers are caught, he must relive his trauma without Spencer by his side. Spencer will have to risk it all for Aaron's love.

Goodreads Choice Award Finalist (Mystery & Thriller, 2018) BookBrowse Best Books of 2018 Winner of the Prix Polar Award for Best International Novel BookRiot ' s 25 Best Suspense Books from 2018 Davitt Awards shortlist for Adult Crime Novel 2018 Dead Good Reads shortlist for Best Small Town Mystery 2018 Five women go on a hike. Only four return. Jane Harper, the New York Times bestselling author of The Dry, asks: How well do you really know the people you work with? When five colleagues are forced to go on a corporate retreat in the wilderness, they reluctantly pick up their backpacks and start walking down the muddy path. But one of the women doesn ' t come out of the woods. And each of her companions tells a slightly different story about what happened. Federal Police Agent Aaron Falk has a keen interest in the whereabouts of the missing hiker. In an investigation that takes him deep into isolated forest, Falk discovers secrets lurking in the mountains, and a tangled web of personal and professional friendship, suspicion, and betrayal among the hikers. But did that lead to murder? " Force of Nature bristles with wit; it crackles with suspense; it radiates atmosphere. An astonishing book from an astonishing writer." —A.J. Finn, author of The Woman in the Window Select praise for The Dry: "One of the most stunning debuts I've ever read. Every word is near perfect. Read it!" —David Baldacci, #1 New York Times bestselling author " A breathless page-turner ... Ms. Harper has made her own major mark. " —The New York Times

Have you ever wondered what makes storytelling and digital media a powerful combination? This edited volume examines the opportunities to think, do, and/or create jointly afforded by digital storytelling. The editors of this volume contend that digital storytelling and digital media can create spaces of empowerment and transformation by facilitating multiple kinds of border crossings and convergences involving groups of peoples, places, knowledge, methodologies, and teaching pedagogies. The book is unique in its inclusion of anthropologists and education practitioners and its emphasis on multiple subfields in anthropology. The contributors discuss digital storytelling in the context of educational programs, teaching anthropology, and ethnographic research involving a variety of populations and subjects that will appeal to researchers and practitioners engaged with qualitative methods and pedagogies that rely on media technology.

Tired of feeling like life is passing her by, Chloe Sinclair experiences a passionate encounter with a stranger she meets at a party, but her brief affair could have unexpected repercussions when she discovers that the stranger is actually cutthroat corporate raider Sterling Prescott, the man who is threatening to take over the TV station where she works. Original.

The critically acclaimed, award-winning, modern classic Speak is now a stunning graphic novel. "Speak up for yourself—we want to know what you have to say." From the first moment of her freshman year at Merryweather High, Melinda knows this is a big fat lie, part of the nonsense of high school. She is friendless—an outcast—because she busted an end-of-summer party by calling the cops, so now nobody will talk to her, let alone listen to her. Through her work on an art project, she is finally able to face what really happened that night: She was raped by an upperclassman, a guy who still attends Merryweather and is still a threat to her. With powerful illustrations by Emily Carroll, Laurie Halse Anderson's Speak: The Graphic Novel comes alive for new audiences and fans of the classic novel. This title has Common Core connections.

Naturally quiet since birth, Mina and her stormbeast, Pixit, lead others like themselves in defying authority and attempting to spread the truth that Alloria's idyllic weather comes at a steep cost.

The " extraordinary " true story of the St. Louis, a German ship that, in 1939, carried Jews away from Hamburg—and into an unimaginable ordeal (The New York Times). On May 13, 1939, the luxury liner St. Louis sailed from Hamburg, one of the last ships to leave Nazi Germany before World War II erupted. Aboard were 937 Jews—some had already been in concentration camps—who believed they had bought visas to enter Cuba. The voyage of the damned had begun. Before the St. Louis was halfway across the Atlantic, a power struggle ensued between the corrupt Cuban immigration minister who issued the visas and his superior, President Bru. The outcome: The refugees would not be allowed to land in Cuba. In America, the Brown Shirts were holding Nazi rallies in Madison Square Garden; anti-Semitic Father Coughlin had an audience of fifteen million. Back in Germany, plans were being laid to implement the final solution. And aboard the St. Louis, 937 refugees awaited the decision that would determine their fate. Gordon Thomas and Max Morgan Witts have re-created history in this meticulous reconstruction of the voyage of the St. Louis. Every word of their account is true: the German High Command ' s ulterior motive in granting permission for the " mission of mercy;" the confrontations between the refugees and the German crewmen; the suicide attempts among the passengers; and the attitudes of those who might have averted the catastrophe, but didn ' t. In reviewing the work, the New York Times was unequivocal: " An extraordinary human document and a suspense story that is hard to put down. But it is more than that. It is a modern allegory, in which the SS St. Louis becomes a symbol of the SS Planet Earth. In this larger sense the book serves a greater purpose than mere drama."
