This edition has been rewritten to align with the Financial Accounting Standards Board Accounting Standards Codification.

A complete and balanced reference, Public Budgeting Systems, Eighth Edition surveys the current state of budgeting throughout all levels of the United States government. The text emphasizes methods by which financial decisions are reached within a system as well as ways in which different types of information are used in budgetary decision-making. It also stresses the use of program information, since, for decades, budget reforms have sought to introduce greater program considerations into financial decisions. This updated text includes more cases studies and practical information, figures and charts to make the information more accessible, as well as additional student problems. Using this text, students will gain a first-rate understanding of methods by which financial decisions are reached within a system, and how different types of information are used in budgetary decision-making.

The overriding philosophy of this text is to provide the instructor with comprehensive coverage of ethical and professional issues encountered by accounting professionals. The book is devoted to helping students cultivate the ethical commitment needed to ensure that their work meets the highest standards of integrity, independence, and objectivity. Ethical Obligations and Decision Making in Accounting is designed to provide the instructor with the best flexibility and pedagogical effectiveness of any book on the market. To that end, it includes numerous features designed to make both learning and teaching easier.
