Advanced Placement Macroeconomics is the go-to guide for helping high school teachers to prepare their students for the AP Macroeconomics Exam administered by the College Board. It is designed to provide a basic framework around which you can design an AP Macroeconomics course that best meets the needs of your students. The Teacher Resource Manual provides unit overviews, lesson plan objectives, Teacher Alerts, Bell Ringer activities to jump-start each class, visuals, and answers to the student activities. The lessons include instructional activities that are not in the Student Resource Manual. By dividing the Macroeconomics and Microeconomics Teacher Resource Manuals in two and compartmentalizing various elements such as student activities solutions and sample multiple-choice question answer keys, the materials provide a more intuitive structure and easier navigation of content.

The teacher guide accompanies the student activities books in macro and microeconomics for teaching collegelevel economics in AP Economics courses. The publication contains course outlines, unit plans, teaching instructions, and answers to the student activities and sample tests.

[D]esigned to assist high school teachers in teaching undergraduate principles of economics courses to high school students as part of the Advanced Placement (AP) Program of the College Board.

The Teacher resource manual provides unit overviews, lesson plans, objectives, Teacher alerts, Bell Ringer activities to jump-start each class, visuals, and answers to the student activities. The manual is designed to provide a basic framework around which teachers can design an AP microeconomics course that best meets the needs of their students.--P. xiii.
