The Airstream is an eye-catching vintage classic. First appearing on American highways in the early 1930s, these sleek aluminum icons were compact, cozy spaces that could be hitched to the family car and taken out on

the open road - and nearly a century later their timeless design has lost none of its appeal, with the Airstream enjoying renewed popularity among celebrities, event planners and young travelers who appreciate its air of nostalgia and distinctively American blend of functionalism and beauty. Born in the California backyard of inventor Wally Byam and partly inspired by the work of Hawley Bowlus, the famed chief builder of The Spirit of St. Louis, the Airstream's modernist aesthetic has remained relatively unchanged in eight decades, and its industrial durability has

earned a reputation without equal, with more than 65% of all Airstreams still on the road today. The book features the complete history of the Airstream, tips, cool facts, quotes and fabulous photographs—a fitting tribute to a true American legend.

Few shapes rolling down the highway are as instantly recognizable as silver Airstream trailer homes. With over 200 sparkling color images and engaging text, this book presents David Winick's adventure re-creating custom-built Airstream home trailers that date from 1948 to 2007,

including his 75th Anniversary Bambi trailer. The challenge of making functional and beautiful small living spaces helped drive the restoration work. Learn the process, beginning with empty shells and ending with rolling Airstream art. This book will enlighten the growing legion of Airstream aficionados, architects and designers with a passion for small space living, and all who have ever camped or admired an Airstream.

Even if you have plenty of DIY experience, a camper speaks a foreign language. Consider Camper Rehab your Rosetta Stone for the language of Shasta, Dutchmen, or Airstream. This book is a top-to-bottom guide to getting a fifth-wheel, teardrop, or other
