Popular Science gives our readers the information and tools to improve their technology and their world. The core belief that

Popular Science and our readers share: The future is going to be better, and science and technology are the driving forces that will help make it better.

Almost 4000 Alfa Romeo Montreals were produced between 1970 and 1977, and sound cars are readily available today at affordable prices, although they are appreciating fast. The Montreal is a powerful car that can be immensely enjoyable to drive and that turns heads wherever it appears. However, until the original edition was published, the lack of detailed information about the Montreal had frustrated many owners and discouraged others from purchasing the car. This book provides detailed technical information and practical tips to help owners with maintenance, tuning and upgrading the performance of this unique car. It explains how the Montreal's specific weaknesses can be rectified so that it can realise its full potential. It also contains information about Montreal history, production, racing, meetings, reviews, drawings, art, special tools, paint finishes, models, prices and service providers. This comprehensive book can help present owners enjoy the Alfa Romeo Montreal to the fullest, and it shows other discerning car enthusiasts that this beautiful and potent classic GT is a hidden treasure that is well worth seeking out. p.p1 {margin: 0.0px 0.0px 0.0px 0.0px; font: 11.0px Arial}

Year-by-year evolution of the BSA Bantam, a simple commuter bike that thousands learnt to ride on. It became the standard GPO 'telegram bike' in the 1950s and was a huge success, with 100,000 built in the first four years of production. It's a story with interesting asides, like the Hummer, Harley-Davidson's version of the DKW that inspired the Bantam, and survived into the 1960s. But it's a sad story too – BSA failed to follow up the Bantam's early success by developing it, and by the mid-1960s it was looking outdated, especially next to the new breed of four-stroke Hondas. That the Bantam was allowed to fizzle out in 1971 symbolised the state of the industry that produced it, but today there's a thriving community of Bantam owner/riders. The book ends with a guide to buying a secondhand Bantam, along with useful appendices on specifications, engine/frame numbers, and contacts among the clubs and Bantam specialists. Every Bantam owner, or would be owner, needs this book - the Bantam Bible!

When you think of Alfa Romeo, it is the Italian's company's sports cars, above all, that fire the imagination, since they encapsulate everything that is great about the brand. In successive dynasties of fixed-roof coupés and convertible spiders, Alfa Romeo has built one

of the greatest canons of work of any car maker in the world. The appeal of Alfa Romeo's sports cars is, of course, partly down to their aesthetic eminence. A host of talented designers created their best work for Alfa – Giorgetto Giugiaro's Giulia Sprint GT, Franco Scaglione's 33 Stradale and Pininfarina's Duetto Spider, to name but a few – but style was only ever a part of the story. Drivers love Alfa Romeo coupés and spiders, too, because technically speaking, these cars were in a class of their own. Alfa Romeo consistently employed elements from much more expensive machinery, democratising them into its sports cars. One can cite gearboxes with multiple ratios, all-round disc brakes, lightweight aluminium engines, perfectly balanced weight distribution and many more. Alfa Romeo Coupes and Spider In Detail since 1945 celebrates Alfa Romeo's most iconic sporting machinery. From the earliest sports cars of its formative years right up to the present day, every Alfa coupé and spider is described in detail. Included are exotics like the 6C 2500 Freccia d'Oro, Montreal and 8C Competizione; focused enthusiast cars like the Giulietta Sprint Veloce, Giulia GTA and 4C; comfortable touring machines such as the 2600 Spider and Giulia GTC; iconic "everyman" sports cars like the Giulia Spider, Alfetta GTV and Alfasud Sprint; and genuinely unique projects such as the ES-30 SZ. Also included are many coachbuilt cars, official concepts and show cars.
