Alfa fanatics are in for a treat—the style-leading Italian automaker teamed up with fashion house Italia Independent to release a special version of the already stunning Giugiaro-penned Brera. An optional and unique paint application, an opaque coating called “Titanium,” gives the Brera a distinct look that meshes well with the defiantly aggressive front quarters—although if it doesn’t suit you, pull the Brera into Forza’s in-game paint studio and drape the sleek hatch with a ...

Modern Classic: Alfa Romeo SZ. No, the Brera V6 donk doesn’t sound like a VE Berlina, but a fiery Italian character fails miserably to hail from Brera’s quad tailpipes when you poke the starter button. Outputs have more herbs than Nona’s bolognese, robust and workmanlike compared with the four-banger front-drive 2.2 version and the sort of low urge that diesel-nurtured Europeans are largely becoming accustomed to.

2010 Alfa Romeo Spider 1750 TBi 27,340 miles £15,000. This is "the one", the rarest of the modern "Brera" Alfa Spiders, and arguably one of the best looking Spiders - a Spider 1750 TBi, first registered 31/05/2010.

Introduces the Alfa Romeo automobile company, discussing the company's success, its racing history, and notable models.

Alfa Romeo 916 GTV and Spider traces the complete story of the Alfa Romeo GTV and Spider models produced between 1994 - 2005, commonly known to enthusiasts by the manufacturer's project code as the 916 series. The 916 models would always be controversial - they replaced the iconic Spider, the best-selling Alfa Romeo sports model of all time, and the brand-establishing Alfetta GTV. Sharing components and a platform with a humble Fiat hatchback, would the cars ever be considered 'real' Alfa Romeos? The cars were critically acclaimed, and, though they faced tough competition in the late 1990s from the likes of the Audi TT, they remained in production for over a decade. Topics covered include: Full history of the 916 series GTV and Spider models; Design, development and evolution of the models from 1994 - 2005; Participation of the GTV in motorsport; Model variations in depth through all three facelifts; Previously unpublished production figures, and chassis numbers for the desirable, limited-edition GTV Cup model. Comprehensively researched guide to the entire lifespan of the 916 series. Will appeal to Alfa Romeo and automotive enthusiasts. The history and design process are examined along with an in-depth guide to each of the model variants produced. The cars' current position in the classic car market is considered. Superbly illustrated with 240 colour photographs. Robert Foskett is a life-long Italian car enthusiast with a special interest in Alfa Romeo.

Automakers are as prone to turn out clunkers as politicians are to lie. Their cars may be ugly, misconceived, badly built, diabolical to drive, ridiculously thirsty, or just plain unreliable. So which were the worst of the past 20 years?

Jeremy Clarkson gets REALLY riled up in Round the Bend What's it like to drive a car that's actively trying to kill you? This and many other burning questions trouble Jeremy Clarkson as he sets out to explore the world from the safety of four wheels. Avoiding the legions of power-crazed traffic wombles attempting to block highway and byway, he he: - Shows how the world of performance cars may be likened to Battersea Dogs Home - Reveals why St Moritz may be the most bonkers town in all of the world - Reminds us that Switzerland is so afraid of snow that any flakes falling on the road are immediately arrested - Argues that washing a car is a waste of time Funny, globe-trotting, irreverent and sometimes downright rude, Round the Bend is packed with curious and fascinating but otherwise hopelessly useless stories and facts about everything under the sun (and just occasionally cars). It's Jeremy Clarkson at his brilliant best. Praise for Jeremy Clarkson 'Brilliant . . . laugh-out-loud' Daily Telegraph 'Outrageously funny . . . will have you in stitches' Time Out 'Very funny . . . I cracked up laughing on the tube' Evening Standard
