and student workloads, larger class sizes, new course models like hybrid and fully online and more ambitious classroom goals including focusing on practical communication and culture awareness instead of grammar alone. The iAnda! program offers a true solution for instructors by delivering realistic goals with a realistic approach; focusing on student motivation and offering a variety of tools to promote success. Teaching and Learning Experience Realistic and Balanced Approach – Instructors and students don't have to rush through the entire scope of Spanish grammar in 2 semesters. They can focus on practical communication which helps students feel more motivated and successful in the course. Explore Grammar – Grammar is chunked to allow students to assimilate and practice without feeling overwhelmed. Explanations are clear and concise and include many supporting examples followed by practice activities. Build Vocabulary – Each chapter contains a realistic number of new vocabulary words and like grammar, is presented in chunks at the point of need. Develop Skills – Unique reading and video storyline mystery motivates students to read. Dedicated speaking, listening and writing sections provide strategies and the process necessary to effectively develop skills in the target language. Connect with Culture – Both “high” and “popular” culture are woven throughout the chapters to enable students to learn to recognize and appreciate cultural diversity as they explore behaviors and values of the Spanish-speaking world. They are encouraged to think critically about these cultural practices and gifts to society. Personalize Learning – MySpanishLab's proven results will be available for fall 2012 courses. "When we walk, we have time to talk." The natural human pace is walking. We can run or sprint, but not for long. Eventually, we are exhausted and have to stop. But we can walk almost endlessly. It is actually amazing how far we can go when we walk, ultimately much farther than when we run. The iAnda! program was designed to give students more opportunities to pause and take a breath to take in all that makes up the exciting Spanish-speaking world. iAnda!'s streamlined approach to grammar and vocabulary helps instructors slow the pace of Elementary and Intermediate Spanish, giving students time to put language to use. New online resources in MySpanishLab -- such as tools that enable students to practice Spanish with native speakers from around the world and engaging video content that offers insights into Spanish-speaking cultures -- further help facilitate meaningful learning experiences within and outside the classroom.

iAnda! Curso intermedio 1/e is the first Intermediate Spanish book conceptualized from the outset to meet the needs of today's language teachers and learners. It covers the last 2 semesters in the 4-semester iAnda! program. In the last few years, classroom contact hours have been reduced drastically, class sizes have increased and students' lives have become busier than ever. Instructors don't have

time to cover everything that they feel is needed and more is being asked of them with fewer resources. At the same time, language teachers want to spend as much time exposing students to Hispanic culture and practicing communication as they do with grammar. But, there simply isn't enough time or resources. The result: Many instructors end up galloping through their elementary Spanish text at the expense of their Intermediate course to try to give students the broadest grammatical exposure possible. Now they have a new option: ¡Anda! This Books á la Carte Edition is an unbound, three-hole punched version of the textbook and provides students the opportunity to personalize their book by incorporating their own notes and taking only the portion of the book they need to class — all at an affordable price.

The ¡Anda! Curso intermedio Student Activities Manual includes “workbook” activities as well as audio- and video-based activities for each chapter of the text. The activities are integrated and organized to mirror the corresponding textbook chapter. The Student Activities Manual includes Service Learning, Experiential Learning, and cultural activities, as well as activities especially created for Heritage Language Learners. The contents of this manual are also available in online formats.
