This is the second edition of this wide-ranging survey of EU law. The new edition has been significantly enlarged. Unlike many other EU law books it takes full account not only of the Lisbon Treaty changes to the EU treaties, but also of the fact that the EU Charter of Fundamental Rights now has the same legal value as the EU Treaties. It therefore not only covers the relevant case law of the Court of Justice of the European Union, but also ties that case law into the decisions of the European Court of Human Rights, because it is clear that EU law can only now properly be understood and applied against this background of European fundamental rights jurisprudence. The book sets out very clearly the broad shape of the European

Union's legal systems, while also giving the reader a good feel for the policy motivations in the Court of Justice of the European Union and the scope of EU legislative activity. Written in a lively and accessible style, it is an ideal guide for practitioners, whether those coming to the subject for the first time or those already with a background in EU law. Among the additions and changes in this expanded edition the book includes new chapters on the EU and fundamental rights, on commercial agency, on criminal law and on private international law in the EU. It also contains a full treatment of EU equality law. The first edition 'EC Law for UK Lawyers' by Aidan O'Neill and Jason Coppel (ISBN: 9780406024596) was published by

which they influence the design and development of technologies, and how gender relations are themselves shaped by technologies. The book will draw heavily on the theoretical perspective looking at the ways in which sexual divisions of labour and gender relations in the workplace profoundly affect the direction and pace of technological change, and tracks the development of certain technologies showing how, through their evolution, they embody these social relations.

The Law and Economics of Article 102 TFEU is a comprehensive, integrated treatment of the legal and economic principles that underpin the application of Article 102 TFEU to the behaviour of dominant firms.

Traditional concerns of monopoly behaviour, such as predatory pricing, refusals to deal, excessive pricing, tying and bundling, discount practices and unlawful discrimination are treated in detail through a review of the applicable economic principles, the case law and decisional practice and more recent economic and legal writings. In addition, the major constituent elements of Article 102 TFEU, such as market definition, dominance, effect on trade and applicable remedies are considered at length. Jointly authored by a lawyer and an economist, *The Law and Economics of Article 102 TFEU* contains an integrated approach to the legal and economic principles that frame policy in this major area of competition law. Although written primarily with

family and the financial collapse of nations throughout the developing world. A rogues' gallery of international criminals owes its existence to the dramatic growth of the underground global economy over the last two decades. Our world is being reshaped, often in sinister fashion, by wide open capital markets and an international banking network that exists to launder hundreds of billions of dollars in ill-gotten gains. Here is an inside look at globalization's dark side—the new high growth global markets for influence-peddling, capital flight, money laundering, weapons, drugs, tax evasion, child labor, illegal immigration, and other forms of transnational crime.
