In her "devilishly clever, scintillatingly sexy new paranormal series" (Chicago Tribune), Christina Dodd introduces the Wilder family - and the evil that's haunted them for centuries. Ruggedly handsome cop Doug Black is determined to find the birth family that left him with nothing but a terrifying inheritance: the ability to change into a savage golden cougar. His search leads him to a woman as fearless and exotic as her name. Firebird Wilder is bitterly familiar with supernatural gifts and flees on discovering Doug's secret, leaving him alone once more. But no one can escape a wild cougar on the hunt...

As children, they meet. Bray and Yarrow have little in common. She's all fire. He's all heart. But the same ancient symbol brands their skin, marking them as members of the Chisanta—a superhuman society of scholars and warriors. Together, they travel far to undergo a brutal initiation trial, and form a bond that neither can forget. As young adults, they clash. Years later these friends-turned-rivals reunite, and fond memories won't stop them from crossing swords. She doesn't trust him. He doesn't understand her. But if they don't learn to work together, a troubling string of deaths will remain unsolved. And the fate of their kind could hang in the balance. "McCarron manages to successfully bridge modern ideals and an ancient world in this coming-of-age tale." -Publishers Weekly

In this wide-ranging history, Richard Bernstein explores the connection between sex and power as it has played out between Eastern cultures and the Western explorers, merchants, and conquerors who have visited them. This illuminating book describes the historical and ongoing encounter between these travelers and the morally ambiguous opportunities they found in foreign lands. Bernstein's narrative teems with real figures, from Marco Polo and his investigation into the harem of Kublai Khan; the nineteenth-century American missionary Isabella Thoburn and her efforts to stamp out the "sinfulness" of the Mughal culture of India; Gustave Flaubert and his dalliances with Egyptian prostitutes; to modern-day sex tourists in Southeast Asia, as well as the women that they both exploit and enrich. Provocative and insightful, *The East, The West, and Sex* is a lucid look at a pervasive and yet mostly ignored subject.

Statistical mechanics is the theory underlying condensed matter physics. This book outlines the theory in a simple and progressive way, at a level suitable for undergraduates. New to this edition are three chapters on phase transitions, which is now included in undergraduate courses. There are plenty of problems at the end of each chapter, and brief model answers are provided for odd-numbered problems.
