" Cup of Gold is a lush, lyrical swashbuckling pirate fantasy, and sure to add new dimensions to readers ' perceptions of this all-American writer. This edition features an introduction by Susan F. A resonant biography of America ' s most celebrated novelist of the Great Depression. The first full-length biography of the Nobel laureate to appear in a quarter century, *Mad at the World* illuminates what has made the work of John Steinbeck an enduring part of the literary canon: his capacity for empathy. Pulitzer Prize finalist William Souder explores Steinbeck ' s long apprenticeship as a writer struggling through the depths of the Great Depression, and his rise to greatness with masterpieces such as *The Red Pony*, *Of Mice and Men*, and *The Grapes of Wrath*. Angered by the plight of the Dust Bowl migrants who were starving even as they toiled to harvest California ' s limitless bounty, fascinated by the guileless decency of the downtrodden denizens of Cannery Row, and appalled by the country ' s refusal to recognize the humanity common to all of its citizens, Steinbeck took a stand against social injustice—paradoxically given his inherent misanthropy—setting him apart from the writers of the so-called "lost generation." A man by turns quick-tempered, compassionate, and ultimately brilliant, Steinbeck could be a difficult person to like. Obsessed with privacy, he was mistrustful of people. Next to writing, his favorite things were drinking and womanizing and getting married, which he did three times. And while he claimed indifference about success, his mid-career books and movie deals made him a lot of money—which passed through his hands as quickly as it came in. And yet Steinbeck also took aim at the corrosiveness of power, the perils of income inequality, and the urgency of ecological collapse, all of which drive public debate to this day. Steinbeck remains our great social realist novelist, the writer who gave the dispossessed and the disenfranchised a voice in American life and letters. Eloquent, nuanced, and deeply researched, *Mad at the World* captures the full measure of the man and his work.

A Penguin Classic First published in 1938, this volume of stories collected with the encouragement of his longtime editor Pascal Covici serves as a wonderful introduction to the work of Nobel Prize winner John Steinbeck. Set in the beautiful Salinas Valley of California, where simple people farm the land and struggle to find a place for themselves in the world, these stories reflect Steinbeck ' s characteristic interests: the tensions between town and country, laborers and owners, past and present. Included here are the O. Henry Prize-winning story " The Murder " , " The Chrysanthemums, " perhaps Steinbeck ' s most challenging story, both personally and artistically, " Flight " , " The Snake, " " The White Quail, " and the classic tales of " The Red Pony. " With an introduction and notes by John H. Timmerman. For more than seventy years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,700 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators.

A Penguin Classic In Nobel Prize winner John Steinbeck ' s beautifully rendered depictions of small yet fateful moments that transform ordinary lives, these twelve early stories introduce both the subject and style of artistic expression that recur in the most important works of his career. Each of these self-contained stories is linked to the others by the presence of the Munroes, a family whose misguided behavior and lack of sensitivity precipitate disasters and tragedies. As the individual dramas unfold, Steinbeck reveals the self-deceptions, intellectual limitations, and emotional vulnerabilities that shape the characters ' reactions and gradually erode the harmony and dreams that once formed the foundation of the community. This edition includes an introduction and notes by James Nagel. For more than seventy years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,700 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. A Penguin Classic " Age can never dull this kind of writing, " writes the Chicago Tribune of John Steinbeck ' s dispatches from World War II, filed for the New York Herald Tribune in 1943, which vividly captured the human side of war. Writing from England in the midst of the London blitz, North Africa, and Italy, Steinbeck focuses on the people as opposed to the battles, portraying everyone from the guys in the bomber crew to Bob Hope on his USO tour. He eats and drinks with soldiers behind enemy lines, talks with them, and fights beside them. First published in book form in 1958, these writings, now with a new introduction by Mark Bowden, create an unforgettable portrait of life in wartime that continues to resonate with truth and humanity.
