This is an exhilarating piece of writing that shows that a real relationship of marriage requires matching based on values. This is a significant shift from the romantic idea that is so dominant in our culture but unsustainable in real life. To rely exclusively on romance does not fulfill all one's needs; it leads you to fall into unconsciousness. There are other aspects of affection worth cultivating—devotion, friendship, commitment, trust, reliability, unselfishness, support, lack of greed. Love is something that all cultures need and want. When they get it, it's totally outside their control when they get what they feel they desire. In our narcissistic culture of surfaces a vast majority of men tend to feel or believe that the world revolves around them and that they are the center of attraction at least in this modern world in some cultures men are nurtured to be promiscuous, and it is tolerated.

The protagonist of this novel, Ya Rose, quit her job in her native country and travelled to the United Kingdom to seek greener pastures. There, she found life extremely hard contrary to her expectations. Consequently, she resorted to luring men into relationships with the aim of manoeuvring her way out of the awkward situation in which she found herself, as can be seen in the excerpts below: 'I will be saying pleasant things to you and giving you good things to make you feel comfortable and happy if you marry me. I will transform you into a very young boy.' 'I believe you can make me happy, but I wonder how you can turn an old man into a young lad. Do you have magical powers to do that?'

Sparkling and sophisticated, this sometimes hilarious, sometimes heartbreaking debut novel tells the story of a very messy, very high-profile divorce and the endearingly cynical young lawyer dragooned into handling it. Twenty-nine-year-old Sophie Diehl is happy toiling away as a criminal law associate at an old-line New England firm, where she very much appreciates that most of her clients are trapped behind bars. Everyone at Traynor, Hand knows she abhors face-to-face contact, but one week, with all the big partners out of town, Sophie is stuck handling the intake interview for the daughter of the firm's most important client. After eighteen years of marriage, Mayflower descendant Mia Meiklejohn Durkheim has just been served divorce papers in a humiliating scene at the popular local restaurant, Golightly's. Mia is now locked and loaded to fight her eminent and ambitious husband, Dr. Daniel Durkheim, Chief of the Department of Pediatric Oncology at Mather Medical School, for custody of their ten-year-old daughter Jane. Mia also burns to take him down a peg. Sophie warns Mia that she's never handled a divorce case before, but Mia can't be put off. The way she sees it, it's her first divorce, too. For Sophie, the whole affair will spark a hard look at her own relationships—with her parents, colleagues, friends, lovers, and, most important, herself. A rich, layered novel told entirely through personal correspondence, office memos, e-mails, articles, handwritten notes, and legal documents, The Divorce Papers offers a direct window into the lives of an entertaining cast of characters never shy about speaking their minds. Original and captivating, Susan Rieger's brilliantly conceived and expertly crafted debut races along with wit, heartache, and exceptional comedic timing, as it explores the complicated family dynamic that results when marriage fails—as well as the ever-present risks and coveted rewards of that thing called love.
