Now in an all-new 16 pt. Large Print unabridged, original classic.

Frankenstein by Mary Shelley has been a classic horror story for nearly 200 years. Originally published in 1818, Frankenstein is a story about a young scientist, Victor Frankenstein, who creates life within the creature he had been working for two years. Eight feet tall and yellow skin and yellow eyes, Victor believes disaster is imminent. Mystery, mayhem and murder, all intertwined in this masterpiece by Shelley. Then when you think all is safe - the creature then requests Victor to create him a female companion. This first-of-its kind horror story will leave you on the edge of your seat and chills tingling up your spine.

## A Norton Critical Edition

More than 200 years after it was first published, Mary Shelley's Frankenstein has stood the test of time as a gothic masterpiece--a classic work of horror that blurs the line between man and monster. "If I cannot inspire love, I will cause fear." For centuries, the story of Victor Frankenstein and the monster he created has held readers spellbound. On the surface, it is a novel of tense and steadily mounting dread. On a more profound level, it illuminates the triumph and tragedy of the human condition in its portrayal of a scientist who oversteps the bounds of conscience, and of a creature tortured by the solitude of a world in which he does not belong. A novel of almost hallucinatory intensity, Mary Shelley's Frankenstein represents one of the most striking flowerings of the

Romantic imagination. With an Introduction by Douglas Clegg And an Afterword by Harold Bloom

Mary Shelley (née Mary Wollstonecraft Godwin, often known as Mary Wollstonecraft Shelley) was a British novelist, short story writer, dramatist, essayist, biographer, travel writer, and editor of the works of her husband, Romantic poet and philosopher Percy Bysshe Shelley. She was the daughter of the political philosopher William Godwin and the writer, philosopher, and feminist Mary Wollstonecraft. Mary Shelley was taken seriously as a writer in her own lifetime, though reviewers often missed the political edge to her novels. After her death, however, she was chiefly remembered only as the wife of Percy Bysshe Shelley and as

the author of Frankenstein. It was not until 1989, when Emily Sunstein published her prizewinning biography *Mary Shelley: Romance and Reality*, that a full-length scholarly biography analyzing all of Shelley's letters, journals, and works within their historical context was published. The well-meaning attempts of Mary Shelley's son and daughter-in-law to "Victorianise" her memory through the censoring of letters and biographical material contributed to a perception of Mary Shelley as a more conventional, less reformist figure than her works suggest. Her own timid omissions from Percy Shelley's works and her quiet avoidance of public controversy in the later years of her life added to this impression. The eclipse of Mary Shelley's reputation as a novelist and

## Online Library Frankenstein A Norton Critical Edition

biographer meant that, until the last thirty years, most of her works remained out of print, obstructing a larger view of her achievement. She was seen as a one-novel author, if that. In recent decades, however, the republication of almost all her writings has stimulated a new recognition of its value. Her voracious reading habits and intensive study, revealed in her journals and letters and reflected in her works, is now better appreciated. Shelley's recognition of herself as an author has also been recognized; after Percy's death, she wrote about her authorial ambitions: "I think that I can maintain myself, and there is something inspiring in the idea". Scholars now consider Mary Shelley to be a major Romantic figure, significant for her literary

achievement and her political voice as a woman and a liberal.

Mary Shelley's *Frankenstein* is one of the most influential and controversial novels of the nineteenth century; it is also one of the most misunderstood and misinterpreted. It has been vivisected critically by latter-day Victor Frankensteins who have transformed the meanings emergent from the novel into monsters of post-modern misconception. Meanwhile Franken-feminists have turned the novel into a monster of misanthropy. Seldom has a work of fiction suffered so scandalously from the slings and arrows of outrageous criticism. This critical edition, containing tradition-oriented essays by literary scholars,

# Online Library Frankenstein A Norton Critical Edition

refutes the errors and serves as an antidote to the poison that has contaminated the critical understanding of this classic gothic novel. The Ignatius Critical Editions represent a tradition-oriented alternative to popular textbook series such as the Norton Critical Editions or Oxford World Classics, and are designed to concentrate on traditional readings of the Classics of world literature. While many modern critical editions have succumbed to the fads of modernism and post-modernism, this series will concentrate on tradition-oriented criticism of these great works. Edited by acclaimed literary biographer, Joseph Pearce, the Ignatius Critical Editions will ensure that traditional moral readings of the works are given prominence, instead of the feminist,

# Online Library Frankenstein A Norton Critical Edition

or deconstructionist readings that often proliferate in other series of 'critical editions'. As such, they represent a genuine extension of consumer-choice, enabling educators, students and lovers of good literature to buy editions of classic literary works without having to 'buy into' the ideologies of secular fundamentalism. The series is ideal for anyone wishing to understand great works of western civilization, enabling the modern reader to enjoy these classics in the company of some of the finest literature professors alive today. Edited by Joseph Pearce
