science knowledge and supports core topics with clinical applications, making difficult concepts relevant to students pursuing careers in the allied health field. The learn, practice, and access system is used throughout the textbook and digital. "Learning" Outcomes at the beginning of each chapter set the stage for what students will learn, "Practice" questions at the end of each major section help check their recall on what they just read, and "Assess" end of chapter resources help students confirm their accurate recall of what they just learned and practiced. The learn, practice, and assess system is highly effective in providing students with a solid understanding of the important concepts in anatomy and physiology.
