An investor may want to buy a property and then sell it instantly, whereas a buyer may want to live in the home and sell it a few years later. If you don't mind waiting 2-3 years before selling, then a traditional fixed-term mortgage would be suitable. If you're looking to sell within 12 months of purchase, then alternative routes to finance may be more appropriate, such as a buy to sell mortgage or bridging loan. Buy to sell mortgage options

Buy to Sell Mortgage - Expert Mortgage Advisor

When you sell your shares you'll have two options, you can either: 1. Sell your shares by number, or. 2. Sell your shares by their value. However, if you want to sell the full holding (ie, all the shares you have in that company), you'll have to select number of shares. Once you place the deal you will be shown a quoted price for the sale of the shares.

Buying and Selling a Business reveals key strategies used to sell and acquire business investments. Garrett Sutton, Esq. is a best selling author of numerous law for the layman books, and he guides the reader clearly through all of the obstacles to be faced before completing a winning transaction. "Buying and Selling a Business" uses real life stories to illustrate how to prepare your business for sale, analyze acquisition candidates and assemble the right team of experts. The book also clearly identifies how to understand the tax issues of a business sale, how to use confidentiality agreements to your benefit and how to negotiate your way to a positive result. Robert Kiyosaki, the best selling author of Rich Dad/Poor Dad has this to say about Buying and Selling a Business, "Garrett Sutton's information is priceless for anyone who wants to increase his or her knowledge of the often secret world of the rich, what the rich invest in, and some of the reasons why the rich get richer." Buying and Selling a Business is a timely business book for our times.

This book will be a must-have for all current and aspiring eBay sellers, all small-business owners, and anyone who wants to learn how to start a million-dollar company.

While a Vice President at Salesforce, David Priemer had an epiphany during one of the company's high-pressure selling periods: the very sales tactics they were using were not working on him. Yes, the numbers still showed results, but through brute force rather than elegance and efficiency. Priemer also discovered that his sales colleagues were spending far more time on leads that did not convert to sales than on those that did. His company--and his entire profession--was acting with more than enough gusto, but without enough awareness and empathy. They were not selling the way they buy. Sell the Way You Buy is about much more than putting yourself in the customer's shoes. Customers don't always know what they want or need, or they may be seeking a solution for something that isn't their core problem. They suffer from status quo bias, from recency bias, from confirmation bias. And meanwhile, the state of overwhelming choice has most products and solution providers adrift in the "Sea of Sameness." In today's world, almost everyone is in sales, but as Priemer realized, we don't teach it. Sell the Way You Buy will show you how to ask questions, how to listen, how to tell a compelling brand story, and how to talk to customers (how to talk to people). Priemer reveals scientifically supported methods to understand the customer, identify their needs, and move them toward the right solution--all the while teaching you to avoid all the reasons why the average person doesn't like salespeople. In short, to sell the way you buy.

Fiona Shoop uses her 20 years experience in the antiques trade to teach people how they can become an antiques dealer in this easy to follow guide.

A thorough, insider's guide to book collecting explains how to find used and rare books, offering tips on buying and selling books on the Internet, identifying first editions and reader's copies, finding valuable books, and more, and provides a detailed index of more than one thousand of the most collectible books today. Original.

The time has never been better for investing in real estate, and this book arms the millions of investors who are returning to real estate as an established instrument of wealth creation with surefire strategies for making a killing in the real estate market. Due to the pent-up demand for housing caused by the lull in housing starts during the 90s, as many as 11 million would-be American home-owners are currently vying for a rapidly dwindling pool of available properties. In Buy, Rent, and Sell Bob Irwin, one of America's most well-known and respected real estate author/experts, provides nuts-and-bolts advice and guidance on how to find good investment properties, how to successfully rent them, and how to quickly turn them around for a profit. Written in Irwin's trademark down-to-earth, jargon-free style, Buy, Rent, and Sell is an indispensable guide for novices as well as experienced real estate investors.

Everything you need to know about investment in RV Parks and Campgrounds.

Protect your retirement from the next big crash with a New Twist on the Old Investment Strategy. For years, advisors have recommended that investors take a "buy and hold" approach to the market, but people over fifty can't afford to rely on this strategy. Buy, Hold, & SELL! uncovers the myth of the "buy and hold" investment philosophy, and explains why it's dangerously incomplete. Written by Ken Moraif, one of Barron's top 100 Financial Advisors in the United States three years a row and who called the 2008 market crash in November of 2007, this book outlines an alternative strategy that better serves investors who are at retirement age. Written in easy-to-understand language and buoyed by Ken's trademark humor, this guide shoots down the myths that keep investors in risky markets, and arms readers with the knowledge, motivation, and strategies that may help them survive--and even thrive--during the inevitable next bear market. Too many retirees lost a large percentage of their investments during the market collapse of 2008 and spent years trying to regain their footing. During the collapse, many advisors told their clients to stay in the market. Ken did the opposite, advising his clients and listeners of his popular radio show "MoneyMatters" to get out of the market in November of 2007--before the economic meltdown. With this book, Ken shares his 26 years of experience to help investors prepare for the imminent bear market that could devastate their retirement plans. For those looking to build a sound financial plan for the long run, this book provides expert insight and solid advice with supporting charts, graphs, statistics, and anecdotes. Understand the buy-hold-SELL strategy Learn how to design a sell strategy to protect principal in the next bear market Find clear-cut information regarding retirement finances Discover the benefits of a diversified portfolio This book expands upon old advice to provide the most important part of the equation: a sell strategy designed to protect principal. The goal of Buy, Hold, & SELL! is not to make investors rich quick, but to help keep them from becoming poor.

Reap Your Share of Resale Riches! This is it--the bona fide insider's guide to cashing in on the huge boom in reselling new and used products for big bucks. At last, a soup-to-nuts primer on how to tap into the exploding market for new and "previously owned" merchandise flying off of websites such as eBay and elsewhere.
