Scattered here and there, small groups of humans live in a state of semi-barbarism. They have lost the skills, science and knowledge that had been Earth's in the golden age of the League of Worlds, and whenever a colony of humans tries to rekindle the embers of a half-forgotten technology, the Shing, with their strange, mindying power, crush them out. There is one man who can stand against the malign Shing, but he is an alien with amber eyes and must first prove to paranoid humanity that he himself is not a creature of the Shing.

A ragtag crew with forbidden magic must pull off an elaborate heist and stop a civil war in *An Illusion of Thieves*, a fantasy adventure from Cate Glass. In Cantagna, being a sorcerer is a death sentence. Romy escapes her hardscrabble upbringing when she becomes courtesan to the Shadow Lord, a revolutionary noble who brings laws and comforts once reserved for the wealthy to all. When her brother, Neri, is caught thieving with the aid of magic, Romy's aristocratic influence is the only thing that can spare his life—and the price is her banishment. Now back in Beggar's Ring, she has just her wits and her own long-hidden sorcery to help her and Neri survive. But when a plot to overthrow the Shadow Lord and incite civil war is uncovered, only Romy knows how to stop it. To do so, she'll have to rely on newfound allies—a swordmaster, a silversmith, and her own thieving brother. And they'll need the very thing that could condemn them all: magic. As the march of boots echoes from overseas, all nations that border the Pacific and beyond are invited to build pavilions on Treasure Island at the Golden Gate International Exposition, an event dedicated to the pursuit of world peace and brotherhood. Meanwhile, Lily Nordby, smart, strong-willed, and feisty, lands a job at the Examiner and is given a once-in-a-lifetime assignment covering the Exposition. fate intervenes, they are both pulled into a destiny they could never have imagined. Mixing fact and fiction with a dash of noir, Beautiful Illusion is a story of love and deception that explores what happens when human hearts collide as the world is plotting war.

A new adventure begins on Harmony... With its opulent casinos and hotels, the desert city of Illusion Town is totally unique—and will take you on a thrill ride you'll never forget. Hannah West isn't the first woman to wake up in Illusion Town married to a man she barely knows, but she has no memory of the ceremony at all. For that matter, neither does Elias Coppersmith, her new husband. All either can remember is that they were on the run... With Hannah's dubious background and shaky para-psych profile, she could have done much worse. The coolly competent mining heir arouses her curiosity—as well as other parts of her mind and body. And even her dust bunny likes him. But a honeymoon spent retracing their footsteps leads Hannah and Elias into the twisting underground catacombs, where secrets from both their pasts will come to light—and where the energy of their clashing auras will grow hot enough to burn...
