Presents the Japanese approach to diet and nutrition in a guide to good eating that offers recipes with an easy approach to a healthier, slimmer, and longer life, without counting calories or carbohydrates.

What if there were a land where people lived longer than anywhere else on earth, the obesity rate was the lowest in the developed world, and women in their forties still looked like they were in their twenties? Wouldn't you want to know their extraordinary secret? Japanese-born Naomi Moriyama reveals the secret to her own high-energy, successful lifestyle—and the key to the enduring health and beauty of Japanese women—in this exciting new book. The Japanese have the pleasure of eating one of the most delicious, nutritious, and naturally satisfying cuisines in the world without denial, without guilt...and, yes, without getting fat or looking old. As a young girl living in Tokyo, Naomi Moriyama grew up in the food utopia of the world, where fresh, simple, wholesome fare is prized as one of the greatest joys of life. She also spent much time basking in that other great center of Japanese food culture: her mother Chizuko's Tokyo kitchen. Now she brings the traditional secrets of her mother's kitchen to you in a book that embodies the perfect marriage of nature and culinary wisdom—Japanese home-style cooking. If you think you've eaten Japanese food, you haven't tasted anything yet. Japanese home-style cooking isn't just about sushi and raw fish but good, old-fashioned everyday-Japanese-mom's cooking that's stood the test of time—and waistslines—for decades. Reflected in this unique way of cooking are the age-old traditional values of family and the abiding Japanese love of simplicity, nature, and good health. It's the kind of food that millions of Japanese women like Naomi eat every day to stay healthy, slim, and youthful while pursuing an energetic, successful, on-the-go lifestyle. Even better, it's fast, it's easy, and you can start with something as simple as introducing brown rice to your diet. You'll begin feeling the benefits that keep Japanese women among the youngest-looking in the world after your very next meal! If you're tired of counting calories, counting carbs, and counting on being disappointed with diets that don't work and don't satisfy, it's time to discover one of the best-kept and most delicious secrets for a healthier, slimmer, and long-living lifestyle. It's time to discover the Japanese fountain of youth....

Presents the Japanese approach to diet and nutrition in a guide to good eating that offers recipes with an easy approach to a healthier, slimmer, and longer life, without counting calories or carbohydrates.

The post-Cold War era has been difficult for Japan. A country once heralded for evolving a superior form of capitalism and seemingly ready to surpass the United States as the world ' s largest economy lost its way in the early 1990s. The bursting of the bubble in 1991 ushered in a period of political and economic uncertainty that has lasted for over two decades. There were hopes that the triple catastrophe of March 11, 2011—a massive earthquake, tsunami, and accident at the Fukushima Daiichi nuclear power plant—would break Japan out of its torpor and spur the country to embrace change that would restart the growth and optimism of the go-go years. But several years later, Japan is still waiting for needed transformation, and Brad Glosserman concludes that the fact that even disaster has not spurred radical enough reform reveals something about Japan's political system and Japanese society. Glosserman explains why Japan has not and will not change, concluding that Japanese horizons are shrinking and that the Japanese public has given up the bold ambitions of previous generations and its current leadership. This is a critical insight into contemporary Japan and one that should shape our thinking about this vital country.

Over the past 40 years, millions of people have participated in the most massive de facto longevity and anti-obesity experiment of all time. They have discovered how to conquer obesity and live longer than everyone else on earth. And now, for the first time ever, they are about to share their secrets with you. JAPANESE WOMEN DON'T GET OLD is based on a fascinating health trend: as the US, the UK and Europe suffer an obesity epidemic that is injuring millions of people, the Japanese people are enjoying the greatest health and longevity in the world - and the lowest obesity rates of any industrialised nation. This is the first book to reveal the secrets of Japanese home cooking and the diet and lifestyle secrets of the Land of Immortal Women: Japan. It is written by Japanese expert Naomi Moriyama, who was born and raised in Tokyo. The book is poised to capitalise on the Western world's concern over obesity and health and fitness, as well as its growing interest in Japanese pop culture and Japanese food.

The English-language debut of one of Japan ' s most talented contemporary writers, selling over 650,000 copies there, Convenience Store Woman is the heartwarming and surprising story of thirty-six-year-old Tokyo resident Keiko Furukura. Keiko has never fit in, neither in her family, nor in school, but when at the age of eighteen she begins working at the Hiromachi branch of " Smile Mart, " she finds peace and purpose in her life. In the store, unlike anywhere else, she understands the rules of social interaction—many are laid out line by line in the store ' s manual—and she does her best to copy the dress, mannerisms, and speech of her colleagues, playing the part of a " normal " person excellently, more or less. Managers come and go, but Keiko stays at the store for eighteen years. It ' s almost hard to tell where the store ends and she begins. Keiko is very happy, but the people close to her, from her family to her coworkers, increasingly pressure her to find a husband, and to start a proper career, prompting her to take desperate action... A brilliant depiction of an unusual psyche and a world hidden from view, Convenience Store Woman is an ironic and sharp-eyed look at contemporary work culture and the pressures to conform, as well as a charming and completely fresh portrait of an unforgettable heroine.

Hiroshima is the story of six people--a clerk, a widowed seamstress, a physician, a Methodist minister, a young surgeon, and a German Catholic priest--who lived through the greatest single manmade disaster in history. In vivid and indelible prose, Pulitzer Prize-winner John Hersey traces the stories of these half-dozen individuals from 8:15 a.m. on August 6, 1945, when Hiroshima was destroyed by the first atomic bomb ever dropped on a city, through the hours and days that followed. Almost four decades after the original publication of this celebrated book, Hersey went back to Hiroshima in search of the people whose stories he had told, and his account of what he discovered is now the eloquent and moving final chapter of Hiroshima.

#1 NEW YORK TIMES BESTSELLER • The book that sparked a revolution and inspired the hit Netflix series Tidying Up with Marie Kondo: the original guide to decluttering your home once and for all. ONE OF THE MOST INFLUENTIAL BOOKS OF THE DECADE—CNN Despite constant efforts to declutter your home, do papers still accumulate like snowdrifts and clothes pile up like a tangled mess of noodles? Japanese cleaning consultant Marie Kondo takes tidying to a whole new level, promising that if you properly simplify and organize your home once, you ' ll never have to do it again. Most methods advocate a room-by-room or little-by-little approach, which doom you to pick away at your piles of stuff forever. The KonMari Method, with its revolutionary category-by-category system, leads to lasting results. In fact, none of Kondo ' s clients have lapsed (and she still has a three-month waiting list). With detailed guidance for determining which items in your house " spark joy " (and which don ' t), this international bestseller will help you clear your clutter and enjoy the unique magic of a tidy home—and the calm, motivated mindset it can inspire.

Raised in Tokyo, author Naomi Moriyama first travelled to the West as a college student, and promptly gained 25 pounds eating a typical Western diet. Returning home for the holidays, she found that the weight melted off as she reverted to the healthy diet of her homeland. Healthy and effective, THE JAPAN DIET is based on the traditional Japanese style of eating and is filled with over 40 simple, delicious recipes: satisfying soups, fresh vegetables, delicate grilled fish; mouthwatering meals that will keep you satisfied for longer. And with a 7-day Healthy Eating Plan built on the foundations of the Japanese diet, but based on ready meals, takeaway foods and convenience items from supermarkets, this book is also ideal for those dieters without the time to cook. With clear, practical advice and handy shortcuts, this diet offers a fresh and easy approach to a healthier, slimmer lifestyle.

Warrior. Samurai. Legend. " A readable, compassionate account of an extraordinary life. " —The Washington Post The remarkable life of history ' s first foreign-born samurai, and his astonishing journey from Northeast Africa to the heights of Japanese society. When Yasuke arrived in Japan in the late 1500s, he had already traveled much of the known world. Kidnapped as a child, he had ended up a servant and bodyguard to the head of the Jesuits in Asia, with whom he traversed India and China learning multiple languages as he went. His arrival in Kyoto, however, literally caused a riot. Most Japanese people had never seen an African man before, and many of them saw him as the embodiment of the black-skinned (in local tradition) Buddha. Among those who were drawn to his presence was Lord Nobunaga, head of the most powerful clan in Japan, who made Yasuke a samurai in his court. Soon, he was learning the traditions of Japan ' s martial arts and ascending the upper echelons of Japanese society. In the four hundred years since, Yasuke has been known in Japan largely as a legendary, perhaps mythical figure. Now African Samurai presents the never-before-told biography of this unique figure of the sixteenth century, one whose travels

between countries, cultures and classes offers a new perspective on race in world history and a vivid portrait of life in medieval Japan.
