L'Académie Sôseikan est un pensionnat pour les enfants de la bonne société. Au sein de cet établissement deux cursus coexistent : la classe L, réservée aux héritiers de la noblesse, et la classe B, à la formation des majordomes. Suite au décès de ses parents, Ryô intègre ce prestigieux lycée où elle se lie d'amitié avec Hakuô, le meilleur élève de la classe B, qui s'avère être l'héritier d'une des plus puissantes familles du pays. Le jour où les camarades de classe de Ryô la provoquent parce qu'elles envient la relation d'amitié qui s'est installée entre elle et le beau Hakuô, sur lequel toutes les filles semblent avoir des vues, Ryô n'a d'autre choix que d'accepter le défi de se trouver un majordome attiré et exclusif ! Hakuô accepte ce rôle, attisant encore davantage les jalousies... Prenant son rôle très au sérieux, il est bien décidé à faire d'elle une jeune fille irréprochable mais surtout à la protéger des coups bas dont elle est très vite victime.

in Tarantino movies, clothing is central to film. In *Undressing Cinema*, Stella Bruzzi explores how far from being mere accessories, clothes are key elements in the construction of cinematic identities, and she proposes new and dynamic links between cinema, fashion and costume history, gender, queer theory and psychoanalysis. Bruzzi uses case studies drawn from contemporary popular cinema to reassess established ideas about costume and fashion in cinema, and to challenge conventional interpretations of how masculinity and femininity are constructed through clothing. Her wide-ranging study encompasses: \* haute couture in film and the rise of the movie fashion designer, from Givenchy to Gaultier \* the eroticism of period costume in films such as *The Piano* and *The Age of Innocence* \* clothing the modern femme fatale in *Single White Female*, *Disclosure* and *The Last Seduction* \* generic male chic in *Goodfellas*, *Reservoir Dogs*, and *Leon* \* pride, costume and masculinity in 'Blaxploitation' films, *Boyz n The Hood* and *New Jack City* \* drag and gender confusion in cinema, from the unerotic cross-dressing of *Mrs Doubtfire* to the eroticised ambiguity of *Orlando*.

I would like to distinguish between the 'history of ideas' and the 'history of thought.' The history of ideas involves the analysis of a notion from its birth, through its development, and in the setting of other ideas, which constitute its context. The history of thought is the analysis of the way an unproblematic field of experience becomes a problem, raises discussions and debate, incites new reactions, and induces crisis in the previously silent behaviors, practices, and institutions. It is the history of the way people become anxious, for example, about madness, about crime, about themselves, or about truth. Comprised of six lectures

delivered, in English, by Michel Foucault while teaching at Berkeley in the Fall of 1983, *Fearless Speech* was edited by Joseph Pearson and published in 2001. Reviewed by the author, it is the last book Foucault wrote before his death in 1984 and can be read as his last testament. Here, he positions the philosopher as the only person able to confront power with the truth, a stance that boldly sums up Foucault's project as a philosopher. Still unpublished in France, *Fearless Speech* concludes the genealogy of truth that Foucault pursued throughout his life, starting with his investigations in *Madness and Civilization*, into the question of power and its technology. The expression "fearless speech" is a rough translation of the Greek *parrhesia*, which designates those who take a risk to tell the truth; the citizen who has the moral qualities required to speak the truth, even if it differs from what the majority of people believe and faces danger for speaking it. *Parrhesia* is a verbal activity in which a speaker expresses his personal relationship to truth through frankness instead of persuasion, truth instead of flattery, and moral duty instead of self-interest and moral apathy.

Aimed at anyone seeking to understand the causes and distributions of excessive police violence—and to develop interventions to end it—*From Enforcers to Guardians* frames excessive police violence so that it can be understood, researched, and taught about through a public health lens.
