If you are a robot enthusiast who wants to quickly get the most out of Lego Mindstorms EV3, this is the book for you. Prior programming experience is useful to get the most out of this book, but not necessary.

Indulge in your favorite hue (or two!) with fabric designer Jessica Levitt. Bright and bold quilt blocks pair same-color prints with strong solids for depth and lots of personality. Stitch random-width strips to a muslin base for a planned approach to improv. Giant-size blocks join together like a fun puzzle, forming a graphic secondary pattern when you piece the quilt top!

Fans of Debbie Macomber and Jojo Moyes will love this warm, funny, moving holiday tale from the New York Times bestselling author of Christmas at the Cupcake Caf é and Little Beach Street Bakery. It ' s a white Christmas in England, and Rosie Hopkins is feeling festive: Her sweetshop is festooned with striped candy canes, luscious chocolate boxes, and happy, sticky children, and she and her boyfriend are eagerly awaiting the arrival of their families. But when a tragedy strikes at the heart of their charming town, all of Rosie's plans for the future seem to be blown apart. Can she and her loved ones see their way through the difficult times? Sweet and soulful, heartbreaking and heartwarming, this is the perfect novel for the holidays (or any time of year).

Liz Kowalski is heading home to Whitford, Maine—this time for good. Eager for her family, a fresh start and some fun, she doesn't count on being rescued by the chief of police her very first night back in town. Drew is everything she's not looking for...so why is she still so attracted to him? After a brief, forbidden rendezvous at her brother's wedding, Drew Miller expects Liz to return to New Mexico and stay there. He's searching for someone to settle down with, not a casual fling with his best friend's sister. But when they're stuck together on the annual Kowalski camping trip, things start going a little sideways. Keeping their hands off each other proves just as impossible as keeping their secret from becoming public knowledge. Amid family, mud and melted marshmallow, Liz and Drew try to fight what's growing between them. But a little time alone, a lot of chemistry and too many opinions might be just what it takes to bring together two people so determined not to fall in love. 74,000 words

If you've ever been intrigued by the tarot but were confounded by the complexities of multi-card spreads and the vague interpretations given in most books, this is the guide for you. Here is a real breakthrough in interpreting the tarot! With Tarot Made Easy you can easily interpret the meaning of any card and apply it to the particular circumstances of your life. With the simple process outlined here, you need only choose one tarot card and then consult one (or several) of the 32 categories listed under each card -- including Romance, Travel, Career, Finances, Friends, and Special Guidance -- to discover the card's specific message for you. For example, if you want to know about your romantic future and the Queen of Cups turns up, you may find that the standard description given is "an honest, devoted woman; loving intelligence and happiness." How should you interpret this? But with Tarot Made Easy, the Queen of Cups Romance category tells you that "someone will enter your life in whom you will be very interested...and you will meet this person very close to your home, if not outside your front door." This easy but accurate system banishes the vague interpretations found in most books and gives you the immediate, specific insights you need.

Manage information overload to save time and money E-mail is one of the most useful and efficient businessapplications ever developed. However, many people today dread thechore of sorting through an inbox crammed with messages that don'tconcern them and spam they don't want.
