Reviews jazz recordings and includes biographical details and lineups.

Reviews jazz recordings, organized by performer, and includes biographical details and lineups.

"Fate has thrown me some interesting curves," says Elmo Williams, the farm boy turned film editor, director and producer. As a young boy, he traveled with his family in a covered wagon to a new life in a New Mexico homestead. After struggling to help raise his siblings, in 1932 as a young teen he began working for film editor Merrill White. As White's gopher, he spent his spare time watching and learning the art of film editing. Within three years he was a partner in an editing company with White in London. In subsequent years his career bloomed to include producing, editing and directing. In 1954 he was awarded an Academy Award for film editing for High Noon. He also worked for Walt Disney, Darryl F. Zanuck Productions, 20th Century-Fox and others. His works include the films The Tall Texan, The Longest Day, Tora! Tora! Tora!, The Poseidon Adventure, Zorba The Greek, and Caravans, and the TV series Hee Haw, Explore, Soggy Bottom U.S.A. and Man, Woman and Child. This memoir traces Williams's life from his early childhood to his views on life at age 93. It is a story of hard work rewarded with a satisfying life, and of one man's efforts to communicate with others in the universal language of film--and of laughter. "I intend to keep laughing," he says, "a habit I adopted as a child. If I can keep it up, I'll still be around to celebrate my centennial."

Provides over 10,000 current prices for soundtrack and original cast recordings. This guide is very comprehensive for US issues, but also includes selected Canadian and overseas releases.

The History of Jazz is a story rich with innovation, experimentation, controversy and emotion, this coffee table book concept provides an ideal setting to share the cultural history of the people and places that helped shape the development and progression of the history of jazz. And is presented in an eclectic format to preserve the works of the original authors of this subject matter. The Jazz Sippers Group presents these collective writings through interpretive techniques designed to educate and entertain, and seeks to preserve information and resources associated with the origins of the history of jazz. The musicians are the men and women who, made and still make the music, the leaders as well as the sidemen, and side women who have and continue to make jazz a popular music.

A catalogue of 40 Women in Jazz and Blues

The role of motion pictures in the popularity of rock music became increasingly significant in the latter twentieth century. Rock music and its interaction with film is the subject of this significant book that re-examines and extends Serge Denisoff's pioneering observations of this relationship. Prior to Saturday Night Fever rock music had a limited role in the motion picture business. That movie's success, and the success of its soundtrack, began to change the silver screen. In 1983, with Flashdance, the situation drastically evolved and by 1984, ten soundtracks, many in the pop/rock genre, were certified platinum. Choosing which rock scores to discuss in this book was a challenging task. The authors made selections from seminal films such as The Graduate, Easy Rider, American Grafitti, Saturday Night Fever, Help!, and Dirty Dancing. However, many productions of the period are significant not because of their success, but because of their box office and record store failures. Risky Business chronicles the interaction of two major mediums of mass culture in the latter twentieth century. This book is essential for those interested in communications, popular culture, and social change.
