In *Mantissa* (1982), a novelist awakes in the hospital with amnesia -- and comes to believe that a beautiful female doctor is, in fact, his muse.

In *Mantissa* (1982), a novelist awakes in the hospital with amnesia -- and comes to believe that a beautiful female doctor is, in fact, his muse.

In the spring of 1736 four men and one woman, all traveling under assumed names, are crossing the Devonshire countryside en route to a mysterious rendezvous. Before their journey ends, one of them will be hanged, one will vanish, and the others will face a murder trial. Out of the truths and lies that envelop these events, John Fowles has created a novel that is at once a tale of erotic obsession, an exploration of the conflict between reason and superstition, an astonishing act of literary legerdemain, and the story of the birth of a new faith.

*The Magus* is the story of Nicholas Urfe, a young Englishman who accepts a teaching assignment on a remote Greek island. There his friendship with a local millionaire evolves into a deadly game, one in which reality and fantasy are deliberately manipulated, and Nicholas must fight for his sanity and his very survival.

A new trade paperback edition of "a masterpiece of symbolically charged realism....Fowles is the only writer in English who has the power, range, knowledge, and wisdom of a Tolstoy or James" (John Gardner, *Saturday Review*). The eponymous hero of John Fowles's largest and richest novel is an English playwright turned Hollywood screenwriter who has begun to question his own values. Summoned home to England to visit an ailing friend, Daniel Martin finds himself back in the company of people who once knew him well, forced to confront his buried past, and propelled toward a journey of self-discovery through which he ultimately creates for himself a more satisfying existence. A brilliantly imagined novel infused with a profound understanding of human nature, *Daniel Martin* is John Fowles at the height of his literary powers.

*The Ebony Tower*, comprising a novella, three stories, and a translation of a medieval French tale, echoes themes from John Fowles's internationally celebrated novels as it probes the fitful relations between love and hate, pleasure and pain, fantasy and reality.

Two years after *The Collector* had brought him international recognition and a year before he published *The Magus*, John Fowles set out his ideas on life in *The Aristos*. The chief inspiration behind them was the fifth century BC philosopher Heraclitus. In the world he posited of constant and chaotic flux the supreme good was the *Aristos*, 'of a person or thing, the best or most excellent its kind'. 'What I was really trying to define was an ideal of human freedom (the *Aristos*) in an unfree world,' wrote Fowles in 1965. He called a materialistic and over-

conforming culture to reckoning with his views on a myriad of subjects - pleasure and pain, beauty and ugliness, Christianity, humanism, existentialism, socialism

This incisive and skillfully articulated study explores the complex power relationships in John Fowles's fictions, particularly his handling of the pivotal subjects of art and sex. Chapters on *The Collector*, *The Magus*, *The French Lieutenant's Woman*, and *The Ebony Tower* are included, and a final chapter discusses *Daniel Martin*, *Mantissa*, and *A Maggot*.
