This volume provides a complete record of presentations made at Industrial Engineering, Management Science and Applications 2015 (ICIMSA 2015), and provides the reader with a snapshot of current knowledge and state-of-the-art results in industrial engineering, management science and applications. The goal of ICIMSA is to provide an excellent international forum for researchers and practitioners from both academia and industry to share cutting-edge developments in the field and to exchange and distribute the latest research and theories from the international community. The conference is held every year, making it an ideal platform for people to share their views and experiences in industrial engineering, management science and applications related fields.

Luxury is no longer a privilege of the high-net-worth individuals. It is now accessible to all. This has become possible because the essence of luxury has changed: from something based upon materialism and conspicuous and hedonic consumption to one that embraces enrichment and experiences for the consumers. This evolution creates challenges for luxury brands and for the managers of luxury brands. Building Consumer-Brand Relationship in Luxury Brand Management is a collection of innovative research that focuses on the conception and marketing of luxury as an experience and explores more integrative and comprehensive approaches to modeling and understanding the consumer-brand relationship with luxury brands and their sustainability in a global and multicultural world. Highlighting a broad range of topics including digital marketing, consumer demand, and social responsibility, this book is ideally designed for marketers, brand managers, consumer analysts, advertisers, entrepreneurs, executives, researchers, academicians, and students.

Obra de referência na área do marketing com três novos capítulos sobre Marketing interno, marketing desportivo e marketing relacional. Os capítulos integram prefácios assinados por várias personalidades da nossa praça, entre as quais António Mexia, ministro das Obras Públicas, Francisco Pinto Balsemão, Artur Santos Silva, presidente do BPI, Carlos Horta e Costa, presidente dos CTT, Belmiro de Azevedo e Jardim Gonçalves.

É no seio das pessoas que encontramos a importância da integração do marketing no novo modelo de gestão urbana. No marketing, ninguém começa com a pergunta: "O que é que nós queremos?" Começa-se sim com: "O que é que o outro lado deseja? Quais são os seus valores? Os seus objectivos? As suas necessidades? O que é que considera serem resultados?". É, portanto, para nós crucial que com este livro possamos aumentar o nível de conhecimento e participação de todos os cidadãos neste domínio e daí esta obra ser para eles também dirigida. Para todos registamos, neste livro, novas tendências, novos caminhos que aglutinam o capital intelectual a inovação e criatividade local e global, para que em unísono potenciem um novo modelo de gestão urbana que nos implique a todos a olhar para as cidades e lugares com outros olhos, os olhos do século XXI. (Os autores) Índice 1. INTRODUÇÃO 2. CIDADE E TERRITÓRIO 3. MARKETING 4. PLACE MARKETING 5. MY PLACE: UMA NOVA VISÃO 6. CONCLUSÕES 7. BIBLIOGRAFIA

In recent years, our world has experienced a profound shift and progression in available computing and knowledge sharing innovations. These emerging advancements have developed at a rapid pace, disseminating into and affecting numerous aspects of contemporary society. This has created a pivotal need for an innovative compendium encompassing the latest trends, concepts, and issues surrounding this relevant discipline area. During the past 15 years, the Encyclopedia of Information Science and Technology has become recognized as one of the landmark sources of the latest knowledge and discoveries in this discipline. The Encyclopedia of Information Science and Technology, Fourth Edition is a 10-volume set which includes 705 original and previously unpublished research articles covering a full range of perspectives, applications, and techniques contributed by thousands of experts and researchers from around the globe. This authoritative encyclopedia is an all-encompassing, well-established reference source that is ideally designed to disseminate the most forward-thinking and diverse research findings. With critical perspectives on the impact of information science management and new technologies in modern settings, including but not limited to computer science, education, healthcare, government, engineering, business, and natural and physical sciences, it is a pivotal and relevant source of knowledge that will benefit every professional within the field of information science and technology and is an invaluable addition to every academic and corporate library.

A primeira edição do Mercator foi lançada em Portugal em 1992. Vinte e cinco anos depois, e muitas edições mais tarde, aquele que é o manual de referência, a nível académico e empresarial, do marketing na sua globalidade (teoria e prática) está de volta com uma nova edição atualizada e com dois novos capítulos («25 anos de marketing em Portugal» e «Marketing digital»).

As businesses aim to compete internationally, they must be apprised of new methods and technologies to improve their digital marketing strategy in order to remain ahead of their competition. Trends in entrepreneurship that drive consumer engagement and business initiatives, such as social media marketing, yields customer retention and positive feedback. Advanced Methodologies and Technologies in Digital Marketing and Entrepreneurship provides information on emerging trends in business innovation, entrepreneurship, and marketing strategies. While highlighting challenges such as successful social media interactions and consumer engagement, this book explores valuable information within various business environments and industries such as e-commerce, small and medium enterprises, hospitality and tourism management, and customer relationship marketing. This book is an ideal source for students, marketers, social media marketers, business managers, public relations professionals, promotional coordinators, economists, hospitality industry professionals, entrepreneurs, and researchers looking for relevant information on new methods in digital marketing and entrepreneurship.

No mundo global altamente competitivo em que vivemos, o sucesso de qualquer organização depende não apenas da qualidade e dedicação dos seus colaboradores e do acerto nos produtos e nos mercados, mas também do conhecimento profundo do meio envolvente e do bom desenho dos processos estratégicos, operacionais e administrativos e ainda de uma boa gestão dos recursos financeiros e recursos humanos. Este livro faz uma abordagem aos principais temas da gestão moderna. Na primeira parte do livro são apresentados os fundamentos da gestão contemporânea, que consistem em saber o que é uma empresa, o que é a gestão e quais as funções do gestor. Como gerir é obter resultados através do trabalho dos membros da organização e como o trabalho dos gestores é dirigir e coordenar as atividades dos colaboradores de modo atingir os objetivos definidos, na segunda parte do livro são estudadas as funções dos gestores, como o planeamento e tomada de decisão, a organização e inovação, a direção nas suas principais facetas - motivação, liderança e comunicação - e o controlo. Finalmente, a terceira parte centra-se na discussão das principais funções da empresa, como a gestão de operações, a gestão de marketing, a gestão financeira e a gestão de recursos humanos. Em cada área funcional descreve-se o objetivo, os processos administrativos, os fluxos de informação e as relações entre as diversas áreas e discute-se as principais técnicas e instrumentos específicos de cada área de gestão.

Nos textos deste livro procurei resumir os principais conceitos, pensamentos e filosofias do Marketing. Além das observações e conceitos de grandes profissionais da área de Marketing, que tratam como um tema fundamental da administração das empresas, ressaltam também como uma ferramenta onde é de fundamental importância a comunicação clara e objetiva. Particularmente acredito que estes textos serão de extrema utilidade para os profissionais que atuam na área de vendas das empresas, gestores/gerentes, vendedores e promotores de merchandising que utilizam-se dos ensinamentos do Marketing diariamente, e muitos nem se dão conta. Existe também dicas de Comunicação, Merchandising, Promoções e Campanhas Institucionais e seus significados. Pode servir como ajuda no esclarecimento de dúvidas de jovens estudantes e profissionais que estão prestes a definir em qual curso, profissão, ou segmento atuar. Espero que possa ajudá-los como ajudou-me com conhecimentos que necessitei buscar quando exerci as funções na área comercial/vendas.
