One of our favorite restaurant dishes! I was so happy to stumble on this recipe. Also pleased that it came out as good as any we've at at our favorite Indian places. Definitely going in the rotation, thanks.

He's JAX. He's a rockstar. He's a screw-up. He broke my heart. He's my new stepbrother. Jaxson Blue is rock royalty: the son of one of the biggest names on the planet. He was my first...everything. Then he broke my heart in the most public way possible. I never want to think about Jax again. Too bad his music seems to follow me wherever I go. Now my hard-living roadie of a father is marrying Jax's rock star mother and the four of us have to co-exist in the same house for two weeks. Jax is still the same sexy, arrogant jerk I fell in love with, and I'm too weak to resist him for long. So I make a deal with myself. It's only until the wedding. It's only a fling. It doesn't mean anything. I'm not doing anything wrong...right? NOTE: All characters are over the age of 18 and are not blood-related.

Emerson Robinette only leaves his apartment to get laid and go to work. Having MS—and trying to pretend he doesn't—makes everything more complicated, especially his fantasies of coming on strong and holding a guy down. Finding a partner who'll explore that with him isn't Emerson's idea of a realistic goal. Until a chance meeting with a hipster on a bus makes him reconsider. Obie is happy, open-hearted, and warm; what's more, he gets his kicks being physically dominated, spanked, and teased until he's begging. It would be perfect, except for one thing: Emerson isn't made for happiness, and he doesn't see how a guy like Obie would settle for a cynic like him. But as far as Obie's concerned, the only thing keeping them apart is Emerson. Can Emerson handle a boyfriend who's more invested in his future than he is? Emerson's barely convinced he has a future. But when Obie's smiling at him, anything seems possible.

"The only plan right now is to kill everybody" Joey Jordison, drummer Ignoring every rule in the book and more besides, Slipknot are a notoriously controversial band who combine a talent for outrage with their music. Reminiscent of the outlandishness of punk, 'nu metal' has become the fastest growing area in rock, with Slipknot selling over 2 million copies of their debut album. And yet Slipknot spit, swear and risk injury night after night in their extraordinary live performances. Incredibly, their apparel of masks and boiler suits, which they refuse to remove, means that their fans still do not know what they look like. Jason Arnopp, the first British journalist to interview Slipknot face to mask, describes the transformation of the Des Moines crew into unorthodox mega stars. Featuring an introduction by the legendary Gene Simmons of Kiss, this biography will be the first published on the band either in the UK or America and will include exclusive interviews and in-depth information on the mysterious nine masked men.
