Since the emergence of rock'n'roll in the early 1950s, there have been a number of live musical performances that were not only memorable in themselves, but became hugely influential in the way they shaped the subsequent trajectory and development of popular music. Each, in its own way, introduced new styles, confronted existing practices, shifted accepted definitions, and provided templates for others to follow. Performance and Popular Music explores these processes by focusing on some of the specific occasions when such transformations occurred. An international array of scholars reveal that it is through the (often disruptive) dynamics of performance - and the interaction between performer and audience - that patterns of musical change and innovation can best be recognised. Through multi-disciplinary analyses which consider the history, place and time of each event, the performances are located within their social and professional contexts, and their immediate and long-term musical consequences considered. From the Beatles and Bob Dylan to Michael Jackson and Madonna, from Woodstock and Monterey to Altamont and Live Aid, this book provides an indispensable assessment of the importance of live performance in the practice of popular music, and an essential guide to some of the key moments in its history.

Complicated Shadows paints a detailed and accurate portrait of an intensely private and complex individual. It draws on nearly 50 exclusive interviews with schoolmates, pre-fame friends, early band members, journalists as well as members of The Attractions, producers, collaborators and musicians from all stages of his life and career. Thomson also unearths many previously unknown details about Costello's early years and his personal life, as well as examining his entire musical output using the recollections of those who were there at the time, the majority of whom have never talked on the subject before.

The deluxe eBook edition of Elvis Costello's Unfaithful Music & Disappearing Ink features two hundred additional photos and images, including more from Costello's original lyrics notebooks and a selection of his family's most intriguing documents and vintage photographs. Pages from his father's scrapbooks from the early '50s Merseyside jazz scene are contrasted with a ledger of setlists and meager fees from the author's early musical partnership in Rusty on the Liverpool club scene and other mementoes from Costello's musical apprenticeship. There are numerous candid shots of the artist and his collaborators, both on stage and behind the scenes, along with a touching collection of signatures, mostly dedicated to the young Declan MacManus in his autograph book from the 1960s. Over an hour of excerpts from the audio edition are also featured, including several wonderful anecdotes that were ultimately omitted from the book. These additions serve to enrich the story of an incredible life in music, phenomenally well told. Born Declan Patrick MacManus, Elvis Costello was raised in London and Liverpool, grandson of a trumpet player on the White Star Line and son of a jazz musician who became a successful radio dance-band vocalist. Costello went into the family business and before he was twenty-four took the popular music world by storm. Unfaithful Music & Disappearing Ink, written entirely by Costello, offers his unique view of his unlikely and sometimes comical rise to international success, with diversions through the previously undocumented emotional foundations of some of his best-known songs and the hits of tomorrow. It features many stories and observations about his renowned cowriters and co-conspirators, though Costello also pauses along the way for considerations of the less appealing side of fame. The memoir provides readers with a master's catalogue of a lifetime of great music. Costello reveals the process behind writing and recording legendary albums like My Aim Is True, This Year's Model, Armed Forces, Almost Blue, Imperial Bedroom, and King of America. He tells the detailed stories, experiences, and emotions behind such beloved songs as "Alison," "Accidents Will Happen," "Watching the Detectives," "Oliver's Army," "Welcome to the Working Week," "Radio Radio," "Shipbuilding," and "Veronica," the last of which is one of a number of songs revealed to connect to the lives of the previous generations of his family. Costello recounts his collaborations with George Jones, Chet Baker, and T Bone Burnett, and writes about Allen Toussaint's inspiring return to work after the disasters following Hurricane Katrina. He describes writing songs with Paul McCartney, the Brodsky Quartet, Burt Bacharach, and The Roots during moments of intense personal crisis and profound sorrow. He shares curious experiences in the company of The Clash, Tony Bennett, The Specials, Van Morrison, and Aretha Franklin; writing songs for Solomon Burke and Johnny Cash; and touring with Bob Dylan; along with his appreciation of the records of Frank Sinatra, David Bowie, David Ackles, and almost everything on the Tamla Motown label. The idiosyncratic memoir of a singular man, Unfaithful Music & Disappearing Ink is destined to be a classic.

Disrupting commonly held notions about who gets tattooed and why, The Tattoo Project describes, illustrates, and celebrates the social significances of commemorative tattoos. Written by scholars from various disciplines, as well as by community members and practitioners, this edited collection considers the meanings people make from their experiences of love, loss, trauma, resilience, and change, and why they choose to inscribe those meanings on their bodies. This methods-based text also examines the process of building a community-contributed digital archive of tattoo photos and stories, the result of which inspired the contributions to this book. Writing at the intersections between the public and the private, the authors consider the production and mobilization of knowledge across communities, disciplines, and space. Featuring beautiful tattoo photography, personal narratives from project participants, and original poetry by Priscila Uppal, The Tattoo Project is a novel read that bridges the gap between academic and popular audiences. This timely collection is a valuable resource for courses across the social sciences and humanities and for anyone interested in tattoos and their significance.

This is the second book I the Complete Piano Player course and is every bit as rewarding as the first. You will learn how to play songs by Elvis Presley, Rod Stewart, The Beatles and more, while introducing new notes for both hands, extending past the range of the original five-finger position. Letter names will appear alongside new notes only. Carefully follow the lessons and you will find you have learned all about accidentals, chord symbols, dotted rhythms and wrist staccato, as well as having increased your repertoire and grown as a musician Remember playing little and often is the best way to make rapid progress and become the complete piano player. Songlist: - A Hard Days Night [The Beatles] - Bright Eyes [Art Garfunkel] - By The Time I Get To Phoenix [Glen Campbell] - Danny Boy [Londonderry Air] [Trad.] - Guantanamera [Trad.] - He'll Have To Go [Jim Reeves] - Laughing Samba [Edmundo Ros] - Let Him Go, Let Him Tarry [Trad.] - Let It Be [The Beatles] - Liebestraum [Liszt] - My Own True Love (from Gone With the Wind) - Plaisir D'amour [Martini] - Puff The Magic Dragon [Peter, Paul & Mary] - Sailing [Colin Downs] - Silent Night [Trad.] - Take Me Home Country Roads [John Denver] - The Winner Takes It All [ABBA] - Those Lazy Crazy Days Of Summer [Nat king Cole] - Under The Bridges Of Paris [Dean Martin] - What Kind Of Fool Am I? - William Tell Overture - Theme [Rossini] - Wooden Heart [Elvis Presley]
