The Shape of Truth in *The Shape of Things*. May 28, 2003 -- Moral principles are at the heart of life and art. Choosing the right ones leads to happiness and beauty. Choosing the wrong ones leads to misery and ugliness--spiritual ugliness most of all. In his thoughtful film *The Shape of Things*, writer/director Neil LaBute demonstrates these truths masterfully through the choices and fates of his characters.

The Shape Of Things By Neil Labute - 881 Words | Cram

Neil LaBute is an American film director, screenwriter and playwright. Born in Detroit, Michigan, LaBute was raised in Spokane, Washington. He studied theater at Brigham Young University (BYU), where he joined The Church of Jesus Christ of Latter-day Saints.

How far would you go for love? For art? What would you be willing to change? Which price might you pay? Such are the painful questions explored by Neil Labute in *The Shape of Things*. A young student drifts into an ever-changing relationship with an art major while his best friends' engagement crumbles, so unleashing a drama that peels back the skin of two modern-day relationships, exposing the raw meat and gristle that lie beneath. The world premiere of *The Shape of Things* was presented at the Almeida, London, in May 2001.

Cow. Slob. Pig. How many insults can you hear before you have to stand up and defend the woman you love? Tom faces just that question when he falls for Helen, a bright, funny, sexy young woman who happens to be plus sized-and then some. Forced to explain his new relationship to his shallow (although shockingly funny) friends, finally he comes to terms with his own preconceptions of the importance of conventional good looks. Neil LaBute's sharply drawn play not only critiques our slavish adherence to Hollywood ideals of beauty but boldly questions our own ability to change what we dislike about ourselves.

Set on September 12, 2001, *The Mercy Seat* continues Neil LaBute's unflinching fascination with the often-brutal realities of the war between the sexes. In a time of national tragedy, the world changes overnight. A man and a woman explore the choices now available to them in an existence different from the one they had lived just the day before. Can one be opportunistic in a time of universal selflessness?

THE STORY: A love story about the impossibility of love, *REASONS TO BE PRETTY* introduces us to Greg, who really, truly adores his girlfriend, Steph. Unfortunately, he also thinks she has a few physical imperfections, and when he casually mentions t

Your Friends & Neighbors is a searing display of the war between the sexes, delivered with the kind of wit used by the great Restoration playwrights to expose the hypocrisies in male/female relationships.

Neil Labute's debut feature, *In the Company of Men*, was described by *Variety* as "a dark, probing, truly disturbing exploration of yuppie angst and male anxieties". In *Your Friends & Neighbors*, male anxiety is again on show, but in a much wider context, revealing the rabid desire of people—regardless of sex—to serve their own interests at any cost.

His films *In the Company of Men* and *Your Friends and Neighbors* both gained critical renown for their biting satire and caustic wit. Now, with *The Distance from Here*, he has written his most riveting play yet, an intense look at the dark side of American suburbia. With little to occupy their time other than finding a decent place to hang out—the zoo, the mall, the school parking lot—Darrell and Tim are two American teenagers who lack any direction or purpose in their lives. When Darrell's suspicion about the faithlessness of his girlfriend is confirmed and Tim comes to her defense, there is nothing to brake their momentum as all three speed toward disaster.

Meet Beth and Doug, two people who have no problems getting dates with their partners of choice. After a drunken party and a hot night, they wake up to a blurry morning where the rules of attraction, sex, and society are waiting for them before their first cup of coffee. It's very awkward—and it also leads the pair to ponder how much they really know about each other, and how much they really care about what other people think. *THE WAY WE GET BY* is a play about love and lust and the whole damn thing.

Karen and Steve are glamorous movie stars with one thing in common: desperation. It's been years since either one's had a hit, but a hot-shot European director could change that with his latest movie. The night before filming a big scene that will undoubtedly bring them back onto the pop culture radar, Karen and her partner, Bev, meet with Steve and his aspiring actress wife, Missy, in order to make an important decision. How far will they let themselves go to keep from slipping further down the Hollywood food chain? *THE MONEY SHOT* is a hilarious and insightful comedy about ambition, art, status, and sex in an era—and an industry—where very little is sacred and almost nothing is taboo.
