BUSINESS MANAGEMENT 14E is designed for more advanced high school business courses. With the focus shifted to business management, this text approaches business operations from the entrepreneurial and management perspective. Finance, marketing, communications, and human resources are some of the topics explored. The introductory chapter provides an overview of management, discusses the history of management, and compares management approaches and philosophies. Another focuses on data analysis and decision-making, demonstrating the importance of math, statistics, and quantitative decision-making. BUSINESS MANAGEMENT 14E provides business management concepts and principles in a realistic, investigative, and enriching manner. All the functions of business management are covered extensively, including the use of technology and communication as tools of business. Enjoy exploring the global dimension of business and possible career opportunities as this text brings the world of business to your class. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Never HIGHLIGHT a Book Again! Includes all testable terms, concepts, persons, places, and events. incorporates new business principles and practices. The text will also focus on how businesses are operated and managed.

BUSINESS MANAGEMENT 13E, formerly Business Principles and Management, is designed for more advanced high school business courses, going beyond the intro to business class. With the focus shifted to business management, this text approaches business operations from the entrepreneurial and management perspective. Finance, marketing, and human resources are some of the topics explored. This text combines concepts with a strong lesson-based instructional design, weaving in research opportunities, creative methods of assessment, interesting real-world features, mathematical calculations, case studies and academic connections. A new introductory chapter has been added that provides an overview of management, discusses the history of management, and compares management approaches and philosophies. An additional new chapter focuses on data analysis and decision-making, demonstrating the importance of math, statistics, and quantitative decision-making. BUSINESS MANAGEMENT 13E provides business management concepts and principles in a realistic, investigative, and enriching manner. All the functions of business management are covered extensively, including the use of technology and communication as tools of business. Students will enjoy exploring the global dimension of business and possible career opportunities as this text brings the world of business to your class. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Introduction to Business covers the scope and sequence of most introductory business courses. The book provides detailed explanations in the context of core themes such as customer

Read Online Study Guide Business Management Burrow Kleindls 13

satisfaction, ethics, entrepreneurship, global business, and managing change. Introduction to Business includes hundreds of current business examples from a range of industries and geographic locations, which feature a variety of individuals. The outcome is a balanced approach to the theory and application of business concepts, with attention to the knowledge and skills necessary for student success in this course and beyond.
