The adventure that began with The Celestine Prophecy continues as the action shifts to a wilderness in the American Southeast where the narrator's friend has disappeared.

In this step-by-step guide James Redfield begins his exploration of the emerging interest in spirituality around the globe. Beginning with a survey of the most common synchronistic experiences, he shows how those interested in broadening their spiritual perception can actually experience for themselves the shifts in consciousness that are changing the human world. Described as the most direct explanation of the new world vision presented in the phenomenally successful Celestine fiction series, this fascinating and illuminating book reveals the author's inside view of how we are discovering the transcendent in our everyday existence and interpreting our individual synchronicity to find our destined purpose in life. Based on James Redfield's own experiences and those reported to him from every corner of the world since the writing of The Celestine Prophecy and The Tenth Insight, this book describes the first-hand growth techniques Celestine fans everywhere are looking for - perfectly setting the stage for the next remarkable book in the Celestine series, The Eleventh Insight.

On December 21, 2012, the Mayan calendar will end. Many see it as an apocalyptic sign. But is it? In *The Twelfth Insight*, the long-awaited fourth book in the beloved *Celestine Series*, we again follow our Hero and his close friend Wil. They have just received a portion of another ancient and mysterious manuscript that describes a secret approach to spirituality that is silently arriving in the second decade of the 21st Century. But the manuscript is only available in fragments. To understand its full meaning for mankind, our Hero and Wil begin an urgent search to find the message in its entirety. As they embrace the power of Synchronicity and begin their search, they are confronted by powerful political forces and religious extremists that stand in the way of these spiritual revelations. Utilizing what he calls the "parable effect," and based on his own sources, James Redfield explores the similarities and differences that exist among the world religions, revealing the essential messages contained within them that can energize our experience of spirituality-- and produce a new wave of integrity and reform that can transform our lives and our world.

Continuing the exciting adventures of *The Celestine Prophecy* and *The Tenth Insight*, this new book takes you to the snow-covered Himalayas, in search of the legendary Tibetan utopia of Shambhala. As you follow a child's instructions, are pursued by hostile Chinese agents, and look for a lost friend, you will experience a new awareness of synchronicity...and discover, hidden among the world's highest mountains, the secrets that affect all humanity. For Shambhala not only actually exists, but is destined to be found in our time-and will reveal powerful truths that can transform the world.

Based on his personal experiences, the author of "*The Celestine Prophecy*" and "*The Tenth Insight*" shares his vision for--and explains how to achieve--a new era of global peace and understanding.

In a world racked by violence and conflict, James Redfield and Michael Murphy—leading cocreators of today's spiritual boom—present a message of hope and a vision for the future. It is no accident, they argue, that the twentieth and early twenty-first centuries have witnessed a revolution in new human capacities. Daily we hear and read about supernormal athletic feats; clairvoyant perception; lives transformed by meditative practices; healing through prayer-and we ourselves experience these things. The authors contend that thousands of years of human striving have delivered us to this very moment, in which each act of self-development is creating a new stage in planetary evolution—and the emergence of a human species possessed of vastly expanded potential.
