Mystery

When Herculeah discovers a mysterious letter inside the lining of a secondhand coat, she suspects it's a desperate cry for help. If so, what happened to the person who wrote it? Herculeah thinks she knows the answer. What she doesn't know is that someone is watching her-someone who will do anything to keep her quiet.

While searching for her werewolf friend who mysteriously disappeared, Melina encounters a mermaid, a deranged police officer, patterns for Norwegian doilies and the most powerful enemy she has ever faced. Original.

It begins as an assignment for English class: Write a letter to a dead person. Laurel chooses Kurt Cobain because her sister, May, loved him. And he died young, just like May did. Soon, Laurel has a notebook full of letters to people like Janis Joplin, Amy Winehouse, Amelia Earhart, Heath Ledger, and more -- though she never gives a single one of them to her teacher. She writes about starting high school, navigating new friendships, falling in love for the first time, learning to live with her splintering family. And, finally, about the abuse she suffered while May was supposed to be looking out for her. Only then, once Laurel has written down the truth about what happened to herself, can she truly begin to accept what happened to May. And only when Laurel has begun to see her sister as the person she was -- lovely and amazing and deeply flawed -- can she begin to discover her own path in this stunning debut from Ava Dellaira, Love Letters to the Dead.

"Ava Antipova has her reasons for running away: a failing family vineyard, a romantic betrayal, a mercurial sister, an absent father, a mother slipping into dementia. In Paris, Ava renounces her terribly practical undergraduate degree, acquires a French boyfriend and a taste for much better wine, and erases her past. Two years later, she must return to upstate New York. Her twin sister Zelda is dead. [But is she?]"--Dust jacket flap of hardcover printing.

Fiction. Poetry. California Interest. Women's Studies. LGBT Studies. Jocelyn Saidenberg's DEAD LETTER is a phenomenal dig into the tell of America's consciousness. In DEAD LETTER we hear Bartleby's voice beyond his singular, negative I prefer not to: his desire, his bewilderment and finally his revolt. Rarely has one person's point of view been so long awaited. "The first thing a reader will notice is that DEAD LETTER is Jocelyn Saidenberg's rewriting of Herman Melville's profoundly ambiguous story 'Bartleby the Scrivener.' Under Saidenberg's canny rendering, a radical repositioning of the story's narrative consciousness takes place, allowing the Scrivener an opportunity to inscribe, into the account of his 'passivity,' his capacity for resistance and love. Melville's character mutes his senses and lapses into perfect inactivity; Saidenberg's insists and occupies. That his insistence is on negativity makes it no less forceful; that his occupation is motivated by love makes it no less political. This is a tale of Wall Street, and readers will be reminded of the recent occupation there. But, more fundamentally, this is a tale of the Other as autonomous, exercising a refusal to be used even as an object of interpretation, and requiring the right to love."—Lyn Hejinián "More than a retelling of Melville's 'Bartleby the Scrivener,' DEAD LETTER is a revelation: it digs into the core of the original and pulls out the hidden, the unthought, the previously unspoken. Saidenberg pushes Bartleby's 'preferring not to' through the first layer of refusal—that act of will, insistence of self—into the terrain of love and death, death by love, a most extreme form of devotion. This novel is a profound examination of where desire and writing meet the living, working body: 'my asylum of thinking not thinking thinking.' At first, it held me then it blew me away."—Renee Gladman "Jocelyn Saidenberg's DEAD LETTER enjoins us to listen for unlinking at the moment of refusal. Her haunted graceful I functions as a kind of narrative nachtraglicheit; where language from the past fashions an elegant embargo on the present: This event will/have happened. DEAD LETTER gorgeously holds us to the strange space between cause and effect, between what arrives unbidden and what we convince ourselves we prefer not to entertain. There is no reason on earth to prefer not to read this sublime book."—Kim Rosenfield "What if I prefer not to write myself legibly? What if going forward equals believing in a prison of legibility? What if I decline yes, no, and all other positions? Then disbelief becomes its own mysticism and speech becomes an oracle from the other side of the limit. This figure without form in Jocelyn Saidenberg's DEAD LETTER has the empty voice of negative space. It is the White Whale's gabby cousin! —translating the deep shadow of an expanding empire into the deeper shadow of a contracting one. Was there ever more fertile aporia or truer Valentine?—that is, founded so purely on loss?"—Robert Glück

Arthur Conan Doyle has long been considered the greatest writer of crime fiction, and the gender bias of the genre has foregrounded William Godwin, Edgar Allan Poe, Wilkie Collins, Émile Gaboriau and Fergus Hume. But earlier and significant contributions were being made by women in Britain, the United States and Australia between 1860 and 1880, a period that was central to the development of the genre. This work focuses on women writers of this genre and these years, including Catherine Crowe, Caroline Clive, Elizabeth Cleghorn Gaskell, Mary Elizabeth Braddon, Mrs. Henry (Ellen) Wood, Harriet Prescott Spofford, Louisa May Alcott, Metta Victoria Fuller Victor, Anna Katharine Green, Céleste de Chabrilan, " Oliné Keese " (Caroline Woolmer Leakey), Eliza Winstanley, Ellen Davitt, and Mary Helena Fortune—innovators who set a high standard for women writers to follow.

"This inaugural volume in the Library of Congress Crime Classics series, featuring the first woman sleuth in a series, is a must for genre buffs. " —Publishers Weekly (Starred Review) The first book in an exciting new classic mystery series created in partnership with the Library of Congress, That Affair Next Door follows Miss Amelia Butterworth, an inquisitive single woman who becomes involved in a murder investigation

after the woman next door turns up dead. Miss Amelia Butterworth prides herself on being an observer of human nature, especially of the people she sees every day from her usual spot at her front window—that is, until she witnesses the prelude to a ghastly murder. Late at night, two people enter her neighbor's home, but only one leaves. The next morning a young woman is found dead, crushed beyond recognition beneath a cabinet. But her death was no accident—it soon comes to light that she was stabbed by a seemingly innocuous item: a hat pin. Rife with social tension and mistaken identity, the messy case is assigned to veteran Detective Ebenezer Gryce. He expects Miss Butterworth to demurely return home, but she was there at the beginning of this case and she intends to see it through to the end. Miss Butterworth is determined to solve the mystery before the detective, but what begins as a battle of the sexes soon turns into a fight for the ever-elusive truth. Anna Katharine Green is credited as the "mother of the detective novel," and the classic *That Affair Next Door* proves that the intrigue of a well-crafted mystery is timeless.
