A tongue-in-cheek revelation of a Victorian third world - a world of high-spirited, totally explicit sexual enjoyment, peopled by consenting adults who revel in any opportunity for erotic adventure.

Oysters have always enjoyed an aphrodisiac reputation. And The Oyster - the hugely popular Victorian underground journal from whose pages this bumper

selection is taken - certainly lived up to it. A Successor publication to The Pearl, it was even more bawdy and uninhibited than that organ. Even by today's standards, it is completely open in its robust descriptions of sexual pleasure. Few copies of The Oyster survived into the later twentieth century. We are therefore indeed fortunate that an almost complete set was discovered a few years ago in a locked cabinet in the library of one of Britain's most famous stately homes. Here is writing that is often lovely and witty as well as gloriously explicit in its detailed celebrations of erotic adventure. The Oyster represents Victorian Values at their most upstanding.

The Way of a Man with a Maid (1908) is an erotic novel. Published anonymously, The Way of a Man with a Maid has long attracted controversy for its graphic depiction of rape, abuse, and incest, and continues to be read today as an important example of popular British erotica of the early twentieth century. Alternating between descriptions of sadomasochistic sex, the narrator's vindictive interior monologue, and a dark humor woven throughout, The Way of a Man with a Maid provides insight into the sexual fantasies of men from a bygone era. "I, the man, will not take up the time of my readers by detailing the circumstances under which Alice, the maid, roused in me the desire for vengeance which resulted in the way I adopted and which I am about to relate. Suffice it then to say that Alice

cruelly and unjustifiably jilted me! In my bitterness of spirit, I swore that if I ever had an opportunity of getting hold of her, I would make her voluptuous person recompense me for my disappointment..." Casting himself as a sworn enemy of womankind, Jack, a jaded English gentleman, roams the streets in search of women to corrupt. As his power grows, increasing his circle of accomplices, he performs more daring—and often more disturbing—sexual acts. This graphic exploration of taboo, torture, and desire remains an important text in the history of erotica and obscenity laws, pushing the boundaries of Edwardian society while continuing to challenge our own. With a beautifully designed cover and professionally typeset manuscript, this edition of *The Way of a Man with a Maid* is a classic work of erotica reimagined for modern readers.

It is impossible to imagine London without the Tube: the beating heart of the city, the Underground shuttles over a billion passengers each year below its busy streets and across its leafy suburbs. The distinctive roundel, colour-coded maps and Johnston typeface have become design classics, recognised and imitated worldwide. Opening in 1863, the first sections were operated by steam engines, yet throughout its long history the Tube has been at the forefront of contemporary

design, pioneering building techniques, electrical trains and escalators, and business planning. Architects such as Leslie W. Green and Charles Holden developed a distinctively English version of Modernism, and the latest stations for the Jubilee line extension, Overground and Elizabeth line carry this aesthetic forward into the twenty-first century. In this major work published in association with Transport for London, Tube expert Oliver Green traces the history of the Underground, following its troubles and triumphs, its wartime and peacetime work, and the essential part it has played in shaping London's economy, geography, tourism and identity. Specially commissioned photography by Benjamin Graham (UK Landscape Photographer of the Year 2017) brings the story to life in vivid portraits of London Underground's stations, tunnels and trains.

This wonderful new edition of Poems on the Underground is published to celebrate the 150th anniversary of the Underground in 2013. Here 230 poems old and new, romantic, comic and sublime explore such diverse topics as love, London, exile, families, dreams, war, music and the seasons, and feature poets from Sappho to Carol Ann Duffy and Wendy Cope, including Chaucer and Shakespeare, Milton, Blake and Shelley, Whitman and Dickinson, Yeats and Auden, Seamus Heaney and Derek Walcott and a host of younger poets. It includes a new foreword and over two dozen poems not included in previous anthologies.
