You just can't keep a good girl down . . . unless you use the proper methods. Piper McCloud can fly. Just like that. Easy as pie. Sure, she hasn't mastered reverse propulsion and her turns are kind of sloppy, but she's real good at loop-the-loops. Problem is, the good folk of Lowland County are

afraid of Piper. And her
ma's at her wit's end. So
it seems only fitting that
she leave her parents'
farm to attend a top-
secret, maximum-
security school for kids
with exceptional
abilities. School is great
at first with a bunch of
new friends whose skills
range from super-
strength to super-genius.

But Piper is special,
even among the special.

And there are
consequences.

Consequences too dire
to talk about. Too crazy
to consider. And too
dangerous to ignore. At
turns exhilarating and
terrifying, Victoria
Forester's debut novel
has been praised by
Stephenie Meyer,

Stephenie Meyer,
