The Road to Mecca Summary - eNotes.com

A South African pastor and a young teacher from Cape Town battle over the fate of an eccentric elderly widow.

"Wolfe does an exemplary job of detailing the ceremonies performed at Mecca and the reasons behind them . . . Highly recommended" (Library Journal, starred review). This updated and expanded edition of One Thousand Roads to Mecca collects significant works by observant travel writers from the East and West over the last ten centuries—including two new contemporary narratives—creating a comprehensive, multifaceted literary portrait of the enduring tradition. Since its inception in the seventh century, the pilgrimage to Mecca has been the central theme in a large body of Islamic travel literature. Beginning with the European Renaissance, it has also been the subject for a handful of adventurous writers from the West who, through conversion or connivance, managed to slip inside the walls of a city forbidden to non-Muslims. These very different literary traditions form distinct impressions of a spirited conversation in which Mecca is the common destination and Islam the common subject of inquiry. Along with an introduction by Reza Aslan, featured writers include Ibn Battuta, J.L. Burckhardt, Sir Richard Burton, the Begum of Bhopal, John Keene, Winifred Stegar, Muhammad Asad, Lady Evelyn Cobbold, Jalal Al-e Ahmad, and Malcolm X. One Thousand Roads to Mecca is a historically, geographically, and ethnically diverse collection of travel writing that adds substantially to the literature of Islam and the West. "Serves as an excellent introduction to a religion, people, culture, and philosophy." —Santa Cruz Sentinel

This book, a milestone of Islamic scholarship, calls attention to those aspects of Arab Islamic culture that excite modern controversy. Professor Khaldi examines the classical period, when the basic cultural patterns of Islamic civilization were established, the various branches of religious and nonreligious scholarship defined, and the religious life-styles had become embedded in the subconscious of an ancient society. The topics covered are: The Foundations God and His Community Islamic Paideia Attitudes Towards the Past The Mystic Quest The Place of Reason The World of Nature The Governance of the Umma Ibn Khaldun–The Great Synthesist Past and Present in Contemporary Arabic Thought.

Among the duties God imposes upon every Muslim capable of doing so is a pilgrimage to the holy places in and around Mecca in Arabia. Not only is it a religious ritual filled with blessings for the millions who make the journey annually, but it is also a social, political, and commercial experience that for centuries has set in motion a flood of travelers across the world's continents. Whatever its outcome—spiritual enrichment, cultural exchange, financial gain or ruin—the road to Mecca has long been an exhilarating human adventure. By collecting the firsthand accounts of these travelers and shaping their experiences into a richly detailed narrative, F. E. Peters here provides an unparalleled literary history of the central ritual of Islam from its remote pre-Islamic origins to the end of the Hashimite Kingdom of the Hijaz in 1926.

The extraordinary story of a young North American's conversion to Islam and her ensuing romance with an Egyptian man, The Butterfly Mosque is a stunning articulation of a Westerner embracing the Muslim world After graduating from university, Willow Wilson, a young American — and newly converted Muslim — impulsively accepts a teaching position in Cairo. There, she meets Omar, a passionate young nationalist with a degree in astrophysics. Omar introduces Willow to the bustling city, and through him she discovers a young, moderate nationalist movement, a movement that both wants to divest itself of western influence and regain cultural pride. When the two find themselves unexpectedly in love, despite their deep cultural differences, they decide that they will try to forge a third culture, a new landscape that will embrace some of each of their cultures, and give their fledgling romance some hope of survival. Wilson weaves this engaging personal story with deep insights into faith in a fractured world, and gives westerners rare insight into an important young reform movement. Butterfly Mosque is an inspiring account of an unlikely cross-cultural love, and the moving story of two young people working within the boundaries of contemporary religion and culture to forge a life together against the odds.
