How did birth control become legitimate in the United States? One kitchen table at a time, contends Trent MacNamara, who charts how Americans reexamined old ideas about money, time, transcendence, nature, and risk when considering approaches to family planning. By the time Margaret Sanger and other activists began campaigning for legal contraception in the 1910s, Americans had been effectively controlling fertility for a century, combining old techniques with explosive new ideas. Birth Control and American Modernity charts those ideas, capturing a movement that relied less on traditional public advocacy than dispersed action of the kind that nullified Prohibition. Acting in bedrooms and gossip corners where formal power was weak and moral feeling strong, Americans of both sexes gradually normalized birth control in private, then in public, as part of a wider prioritization of present material worlds over imagined eternal continuums. The moral edifice they constructed, and similar citizen movements around the world, remains tenuously intact.

How often have you wished you knew how to defuse the difficult people who wreak havoc on your life? Whether it's a neighbor who keeps disturbing your peace, an employer who manipulates you into unpaid overtime, a spouse who criticizes and controls your every move, a colleague who uses scare tactics to intimidate you, or a student who teases your child without mercy, **Take the Bully by the Horns** will give you real-life strategies stop people from taking advantage of you, including how to: \* Adopt a "don't you dare" attitude \* Refuse to play The Blame-Shame Game \* Beat em to the punch...line \* Stop paying the price of nice \* Put all kidding aside \* Act on your anger instead of suffering in silence \* Savior Self from martyrs and guilt-mongers \* Not be victimized by crazy-making Jekyll/Hyde personalities \* Adopt the Clarity Rules and Rights With these tools, you can take back your peace of mind and your sanity. You'll be able to fight back constructively and prevent harrassment by bullies. From the workplace to the schoolyard. The bold suggestions in **Take the Bully by the Horns** will show you once and for all how to convince unfair or unkind relatives, co-workers, customers, or strangers to either behave cooperatively or leave you alone.
