For courses in Introduction to Political Science Grasp the Ever-Changing Nature of International Politics Understanding the Political World gives readers deeper insight into the continually evolving nature of international politics. Presenting key concepts, relevant research findings, and detailed explanations, the Twelfth Edition offers readers a path to understanding the challenges of politics and political differences. The text explores the subject matter from a comprehensive and comparative standpoint, using real examples from different international political systems to demonstrate how politics are understood throughout the world. By directly questioning readers to understand and explain what they know, Understanding the Political World brings an abstract subject into focus by relating it to readers' opinions and lives. Through real examples of political institutions and processes, readers can better understand the nature of global politics. Also available with MyPoliSciLab MyPoliSciLab for Comparative Politics courses extends learning online, engaging students and improving results. Media resources with assignments bring concepts to life, and offer students opportunities to practice applying what they've learned. And the Writing Space helps educators develop and assess concept mastery and critical thinking through writing, quickly and easily. Please note: this version of MyPoliSciLab does not include an eText. Understanding the Political World, Twelfth Edition is also available via REVEL(tm), an immersive learning experience designed for the way today's students read, think, and learn.

This book considers the political and constitutional consequences of Vieth v. Jubelirer (2004), where the Supreme Court held that partisan gerrymandering challenges could no longer be adjudicated by the courts. Through a rigorous scientific analysis of US House district maps, the authors argue that partisan bias increased dramatically in the 2010 redistricting round after the Vieth decision, both at the national and state level. From a constitutional perspective, unrestrained partisan gerrymandering poses a critical threat to a central pillar of American democracy, popular sovereignty. State legislatures now effectively determine the political composition of the US House. The book answers the Court's challenge to find a new standard for gerrymandering that is both constitutionally grounded and legally manageable. It argues that the scientifically rigorous partisan symmetry measure is an appropriate legal standard for partisan gerrymandering, as it logically implies the constitutional right to individual equality and can be practically applied.

UNDERSTANDING POLITICS: IDEAS, INSTITUTIONS, AND ISSUES provides in-depth coverage of contemporary political issues and calls attention to the more enduring underlying questions. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Looks at contemporary political issues and also the more enduring underlying questions. This title covers three fundamental premises: politics is a pervasive force in modern society; government is too important to be left in the hands of a few; and everyone has both the opportunity and the obligation to participate in public life in a democracy.

The Globalization of World Politics, the bestselling introduction to international relations, offers the most comprehensive coverage of the key theories and global issues in world politics. The eighth edition engages with contemporary global challenges, featuring a brand new chapter on Refugees and Forced Migration and updated coverage of decolonization to ensure the book continues to cover those topics that will define the key issues in IR into the future. Tailored pedagogical features help readers to evaluate key IR debates and apply theory and concepts to real world events. A fully updated Opposing Opinions feature facilitates critical and reflective debate on contemporary policy challenges, from decolonising universities to debates over migration and the state. Leading scholars in the field introduce readers to the history, theory, structures and key issues in IR, providing students with an ideal introduction and a constant guide throughout their studies. Students and lecturers are further supported by extensive online resources to encourage deeper engagement with content: Student resources: International relations simulations encourage students to develop negotiation and problem solving skills by engaging with topical events and processes IR theory in practice Case Studies encourage students to apply theories to current and evolving global events Video podcasts from contributors help students to engage with key issues and cases in IR Guidance on how to evaluate the Opposing Opinions feature, supporting students to engage in nuanced debate over key policy challenges Interactive library of links to journal articles, blogs and video content to deepen students' understanding of key topics and explore their research interests Flashcard glossary to reinforce understanding of key terms Multiple choice questions for self-study help students to reinforce their understanding of the key points of each chapter Revision guide to consolidate understanding and revise key terms and themes Instructor Resources: Case studies help to contextualise and deepen theoretical understanding Test bank - fully customisable assessment questions to test and reinforce students' understanding of key concepts Question bank - a bank of short answer and essay questions to promote students' critical reflection on core issues and themes within each chapter Customisable PowerPoint slides help to support effective teaching preparation Figures and tables from the book allow clear presentation of key data and support students' data analysis

One of the leading texts on the IR market, John Rourke's International Politics on the World Stage provides a balanced and comprehensive study of international relations that combines theory, history, and current trends and events. The modern international system, a background history of how it evolved in its present form, as well as transformations that are shaping the 21st century are presented in a straightforward, accessible discussion, without undermining the complexity of world political issues. The text lives up to its reputation of including the latest events and developments of the world stage. Rourke discusses political theory, including contemporary approaches such as constructivism and postmodernism, in the opening chapter. He brings theoretical concepts to life with illustrative examples taken from major current world events, so students see how theory plays out in the real world. The text covers major issues of the twenty-first century, such as the structure of the modern state in the international system, globalisation and the political economy, global security, the rise of intergovernmental and nongovernmental organisations, human rights, and the environment. These topics linked through the chapters in the text give students a grasp of the underlying patterns in world politics, so that they can interpret events they see on the evening news or on the Internet. As in previous editions, the text shows students how politics affects our everyday lives and emphasizes the importance of being politically aware, making informed decisions, and taking responsible action.

Brief and accessible, Political Ideologies follows the evolution of political thought over 300 years. Organized chronologically, this text examines each major ideology within a political, historical, economic, and social context. Leon Baradat's skillful prose ensures that students obtain a clear understanding of how ideas are influencing the political realities of our time.

A thematic overview of comparative politics coupled with country studies that bring theory to life Revel(TM) Comparative Politics Today: A World View combines a comprehensive thematic overview of the discipline with in-depth country studies written by expert scholars in their respective fields. Emphasizing the similarities as well as the differences among governments around the globe, lead authors G. Bingham Powell, Jr., Kaare W. Strøm, and Melanie Manion help students to sort through the world's complexity and to recognize patterns that lead to genuine political insight. Focusing as in previous editions on the challenges of democratization and globalization, the 12th Edition presents significantly updated coverage in the 12 detailed country studies as well as contemporary data throughout. Revel is Pearson's newest way of delivering our respected content. Fully digital and highly engaging, Revel replaces the textbook and gives students everything they need for the course. Informed by extensive research on how people read, think, and learn, Revel is an interactive learning environment that enables students to read, practice, and study in one continuous experience -- for less than the cost of a traditional textbook. NOTE: Revel is a fully digital delivery of Pearson content. This ISBN is for the standalone Revel access card. In addition to this access card, you will need a course invite link, provided by your instructor, to register for and use Revel.

Combining thematic chapters and country cases, Comparative Politics Today: A World View sets the standard for introducing the field of comparative politics and for illustrating how to compare the world's political systems. This text begins by laying out a proven analytical framework that is accessible for students new to the field; it is then consistently implemented in twelve authoritative country cases not only to introduce students to what politics and governments are like around the world but to also understand the importance of their similarities and differences. Written by leading comparativists and area study specialists, Comparative Politics Today helps to sort through the world's complexity and to recognize patterns that lead to genuine political insight.
