"Emily Kimelman is witty and insightful, and writes with a wisdom, care, and diligence beyond her years." -Mark Bowden, best selling author of "Black Hawk Down" The Sydney Rye series of vigilante mysteries feature a strong female lead and her rescue dog, Blue. It is recommended for the 18+ who enjoy some violence, don't mind dirty language, and are up for a dash of sex. Not to mention an awesome, rollicking good mystery with tons of action that will keep you reading late into the night! UNLEASHED is the first book in Emily Kimelman's best selling Sydney Rye series of vigilante justice mystery thrillers. When the series begins Sydney Rye is named Joy Humbolt. She does not like people telling her what to do, so it comes as no surprise that she was just fired from her last job. When she buys Charlene Miller's dog-walking business on Manhattan's exclusive upper east side, it seems like the perfect fit: Quiet environment, minimal contact with people. Joy Humbolt is a woman who rather spend her days with dogs than people. But then one of her clients turns up dead, and Charlene disappears. Rumors say Charlene was having an affair with the victim--and of course, everyone assumes Joy must know where she is. Joy begins to look into the crime, first out of curiosity then out of anger when there is another murder and threats start to come her way. When police detective Mulberry is assigned to the case, Joy finds a kindred spirit--cynical and none-too-fond of the human race. As they dig deep into the secrets of Manhattan's elite, they not only get closer to the killer but also to a point of no return. One last murder sends Joy Humbolt hurtling over the edge. Her only chance of survival and revenge is to become Sydney Rye. “LOVE LOVE LOVE this series!” “I couldn’t put it down!” Where do you run when even the good guys want you dead? Special Agent Sam Jameson is having a bad week. People are trying to kill her. That would be business as usual in the counterespionage world, except that it’s the good guys who have her in the crosshairs. Why are the DC Metro police trying to kidnap her? Do her bosses at Homeland want her in a body bag, too? And why does everyone she talks to seem to end up in the morgue? Will a ruthless mercenary, a hapless American traitor, and a dead man’s cryptic clue hold the key to Sam’s survival? As the noose tightens around her neck, Sam must uncover a brutal and deadly conspiracy before she becomes its next victim. THE INCIDENT: Inferno Rising is the first installment in the runaway international sensation INCIDENT trilogy from conspiracy master Lars Emmerich. —————

Interview with #1 Bestselling Author Lars Emmerich Q: Who are your influences? A: Too many to list! I started out years ago as a Tom Clancy addict, and I thoroughly enjoy many of Nelson DeMille’s novels. I regularly read David Baldacci, Vince Flynn, Barry Eisler, Michael Connelly, and John Grisham. James Patterson has redefined what it means to be a working author, and I read his stuff as well. My top picks are usually espionage and private detective novels, any of the thousands of thrillers and mysteries best sellers, and, of course, books featuring classic pulp heroes. And I’m greatly influenced by all sorts of nonfiction, as well. I read all the time, and I’m a bit of a magpie about the topics — science, economics, finance, politics, history, mathematics, engineering, biomechanics, medicine... It’s a big world out there, and I love learning more about it. Many of those topics find their way into my fiction, so I can justify it all as “research.” Q: The Sam Jameson series has become quite a

## Online Library Unleashed A Sydney Rye Novel 1

phenomenon. What do you think has been the driving force behind the books' success? A: I think Sam has something of a unique voice. She says the things we all wish we could say, and she gets away with it about half of the time. The other half of the time, not so much. I think she's also a very human heroine. She has plenty of flaws and weaknesses, yet she accomplishes some amazing things. She's kind of like every one of us in that regard, which resonates. Q: You have developed personal relationships with your readers over the years, which is unusual in the publishing business. Was that a conscious choice? A: Absolutely. Books are intimate things. They occupy a person's mind and thoughts for hours at a time. Good books leave a lasting impression, and great books might even change the way we think about things, but all books are a relationship. I felt that Big Publishing did a great job of distributing novels, but at a very high cost — there was almost no way for a personal connection to form between writers and readers. But I always wanted a conversation. I wanted to learn from my readers, to hear what was on their minds, to listen to their criticism and hopefully improve the books I write. It's been extremely rewarding, and I'm hopeful it can continue for years to come.

The first three books in the Sydney Rye Mysteries: *Unleashed*, *Death in the Dark*, and *Insatiable*. My dog once took a bullet that was intended for me. A bullet that ripped through his chest, narrowly missing his heart, and exited through his shoulder blade, effectively shattering it. This left him unconscious on the floor of my home. Amazingly, this bullet did not kill him. Ten years ago I adopted Blue as a present to myself after I broke up with my boyfriend one hot, early summer night with the windows open and the neighborhood listening. The next morning I went straight to the pound in Bushwick, Brooklyn. Articles on buying your first dog tell you never to buy a dog on impulse. They want you to be prepared for this new member of your family, to understand the responsibilities and challenges of owning a dog.

Going to the pound because you need something in your life that's worth holding onto is rarely, if ever, mentioned. I asked the man at the pound to show me the biggest dogs they had. He showed me some seven-week-old Rottweiler-German shepherd puppies that he said would grow to be quite large. Then he showed me a six-month-old shepherd that would get pretty big. Then he showed me Blue, the largest dog they had. The man called him a Collie mix and he was stuffed into the biggest cage they had, but he didn't fit. He was as tall as a Great Dane but much skinnier, with the snout of a collie, the markings of a Siberian husky, the ears and tail of a shepherd and the body of a wolf, with one blue eye and one brown. Crouched in a sitting position, unable to lie down, unable to sit all the way up, he looked at me from between the bars, and I fell in love. "He's still underweight," the man in the blue scrubs told me as we looked at Blue. "I'll tell you, lady, he's pretty but he's skittish. He sheds, and I mean sheds. I don't think you want this dog." But I knew I wanted him. I knew I had to have him. He was the most beautiful thing I had ever seen. Blue cost me \$108. I brought him home, and we lived together for years. He was, for most of our relationship, my only companion. But when I first met Blue, a lifetime ago now, I had family and friends. I worked at a crappy coffeehouse. I was young and lost; I was normal. Back then, at the beginning of this story, before I'd ever seen a corpse, before Blue saved my life, before I felt what it was like to kill someone in cold blood, I was still Joy Humbolt. I'd never even heard the name Sydney Rye. P.S. The dog does not die. **\*\*Beware: If you can't handle a few f-bombs, you can't handle this series.\*\***

I didn't expect a phone call to crack the bedrock of my life. How easy it is to forget we are all floating on molten lava...and tectonic shifts happen all the time... Carlos was the one who felt my phone vibrating; it was under one of the napkins we'd used for our picnic lunch. I found it, and glancing quickly at the "UNKNOWN" on the caller ID, picked it up. While used to calls from unknown places, I was not used to calls from this guy. "Sydney, how are you?" I didn't recognize his voice right away.

## Online Library Unleashed A Sydney Rye Novel 1

Rolling away from Carlos, I sat up. "I'm sorry, but I don't know who this is." It was when he laughed that I recognized him. "Robert Maxim?" He laughed again. "I'm glad you remember me. My heart would be broken if I could be so easily forgotten." I stood up, Carlos looked up at me, a question in his eyes. I shook my head and stepped away from our blanket. My dog, Blue, a huge wolf-like creature with one blue eye and one brown followed me, keeping at a heel. "Forget you, Bobby Maxim? In order to do that I'd need a lobotomy." "With your penchant for revenge, I half expect to see you bursting through my closet doors some day, guns blazing." I laughed. "Who says I'm not in there right now?" "I know exactly where you are. I've been keeping very good track of you." I looked around the park. Gentle green hills spotted with couples and groups of friends lounging on blankets dominated the landscape. On a field below me a soccer match was beginning to form. A woman ran by in a skin-tight suit, nothing on her jiggled. "Are you here now?" "No, no. I'm calling to ask a favor." Carlos waved, letting me know he was going to join the soccer game. I nodded back, forcing a smile onto my lips. "I'm not doing you any favors," I said to Robert. "It seems you're not totally clear on the fact that you took something from me." "Sydney, I don't understand this animosity. I was just doing you a favor." "A favor!" My raised voice attracted the attention of several groups of Londoners trying to enjoy their first day of sun. "You bastard," I hissed quietly. "I hope you rot in hell." "I'm sorry I didn't do it sooner, darling." "You're insane!" I was yelling again. I took a deep breath. In through my nose, out through my mouth. Blue tapped his muzzle against my hip to let me know he was still there. "Sydney, I didn't know what you two had planned. I would have killed Kurt long before you showed up. Remember, I'm not the one who left my fingerprints behind; whose blood was spilled all over the floor. You took yourself down, it had nothing to do with me." He said it in an off-hand way. Like I was being petty and missing the big picture. "You killed him," I whispered, trying to control my anger, but I was shaking. "That was my

right. Kurt Jessup murdered my brother and I should have been the one to end him." "At the time I had no idea about that. Mulberry didn't tell me what you were planning, just that we had a problem. I had no intention of stifling your little revenge act. If anyone should be pissed it's me. At least you got the treasure." I stood on the green feeling lightheaded. It was like Bobby Maxim was taking the world and flipping it upside down. "What are you talking about? Mulberry told you that?" "Oh Cher, you didn't know?" Maxim's voice rose an octave, teasing and dripping with syrup. A cold knowledge traveled from my toes right up to my brain. My best friend betrayed me, our relationship was built on a lie. P.S. The dog does not die. **\*\*Beware: If you can't handle a few f-bombs, you can't handle this series.\*\***
