"Common Core Achieve: Mastering Essential Test Readiness Skills is designed to help you learn or strengthen the skills you need when you take the GED test."--Page v.

From best-selling author Holly Webb comes a brand new series full of mystery and intrigue following the adventures of a very determined heroine and her dog! Holly Webb fans will be thrilled to pieces to discover the adventures of Maisie Hitchins, the pluckiest little detective in Victorian London. Maisie Hitchins lives in her grandmother's boarding house, longing for adventure. She idolizes the famous detective, Gilbert Carrington, and follows his every case. But Maisie is about to be given the opportunity of a lifetime: her own mystery to solve! In the first book in this fantastic new series, Maisie rescues a puppy in peril whilst running an errand, and adopts him. She decides to investigate the puppy's original cruel owner, but instead gets tangled up in an intriguing plot involving stolen sausages, pilfered halfpennies and a fast-paced bicycle chase. The streets of Victorian London are never safe, but Maisie's on the case!

This book discusses essential approaches and methods in connection with engineering education for sustainable development. Prepared as a follow-up to the 2015 Engineering Education in Sustainable Development (EESD) Conference held in British Columbia, Canada, it offers the engineering community key information on the latest trends and developments in this important field. Reflecting the need to address the links between formal and informal education, the scholars and professionals who contribute to this book show by means of case studies and projects how the goal of fostering sustainable development in the context of engineering education can be achieved. In particular, they discuss the need for restructuring teaching at engineering-focused institutions of higher education and provide practical examples of how to do so. The book places special emphasis on state-of-the art descriptions of approaches, methods, initiatives and projects from around the world, illustrating the contribution of engineering and affiliated sciences to sustainable development in various contexts, and at an international scale.

This book presents a comprehensive, systematic approach to the development of learning strategies.

Use writing as a tool for helping students master content! This updated edition of a best-selling book offers explicit strategies for differentiating writing instruction to help students learn content and develop as writers. The authors address how to create a climate for writing, use flexible groupings, differentiate instruction, and assess student writing. Offering new strategies and activities for effective writing instruction, this second edition: Covers informational text writing and critical thinking skills Includes guidance for working with English language learners Discusses current research about writing and learning Offers expanded coverage of assessment methods and tools

"Will the tiger be menacing; will the ocean be threatening; will the island be something out of Frankenstein or will it be an Eden?"—Yann Martel *Life of Pi*, first published in 2002, became an international bestseller and remains one of the most extraordinary and popular works of contemporary fiction. In 2005 an international competition was held to find the perfect artist to illustrate Yann Martel's *Man Booker*

Prize-winning novel. From thousands of entrants, Croatian artist Tomislav Torjanac was chosen. This lavishly produced edition features forty of Torjanac's beautiful four-color illustrations, bringing *Life of Pi* to splendid, eye-popping life. Tomislav Torjanac says of his illustrations: "My vision of the illustrated edition of *Life of Pi* is based on paintings from a first person's perspective—Pi's perspective. The interpretation of what Pi sees is intermeshed with what he feels and it is shown through [the] use of colors, perspective, symbols, hand gestures, etc."

This book was developed in order to deliver a unit standards-based curriculum that is in line with the National Qualifications-Framework (NQF).

This highly accessible book provides comprehensive coverage of the Edexcel A2 Economics specification. Combines clear and concise explanations and analysis of economic terms and concepts with frequent examples that show the application of those concepts to real-world situations. Exercises throughout the book enable students to engage in economic analysis in an active way that assists learning. Comprehensive coverage of the specification content Explains key terms and concepts Includes real-world examples Features regular summaries throughout each chapter for quick revision Provides exercises to engage students in economic analysis The book is supported by a Teacher Guide (9780340948064), including full commentary on the exercises together with additional questions and discussion points.
