By Con Marshall. A Gordon man has a chilling story that he's finally willing to share some 67 years after the fact. Don Roth, then a U.S. Army 1st lieutenant, was assigned to participate in the execution of numerous Japanese military officers for their atrocities in the Philippines after World War II. It's not something he's proud of, but he was following orders or, as he puts it, "I was just doing my duty."

~~The Pictures that Defined World War II — HISTORY~~

World War II (WWII or WW2), also known as the Second World War, was a global war that lasted from 1939 to 1945. It involved the vast majority of the world's countries—including all the great powers—forming two opposing military alliances: the Allies and the Axis. In a state of total war, directly involving more than 100 million personnel from more than 30 countries, the major participants ...

At the end of World War II, the death marches, which claimed the lives of countless people, were considered among the worst atrocities. Some were simply done to kill prisoners or to keep them from being freed by the advancing Allies, while some were marched for later use as hostages. Survivors were witness to the cold-blooded murder of family, friends, adults, and children.

Powerful capsule history of World War II, chilling and reflective in one breath. - Kirkus Reviews "World War II Interactive is a should buy for the price that is a great resource for everything World War II, which takes full advantage of the iPad platform over a standard hardback book." - From review by Applenapps.com (rated 4/5)

In July 1940, Walter Schellenberg of the German Secret Service drew up a list of 2,694 people believed to be living in Britain, who were known enemies of the Reich. In that month, the Wehrmacht was poised across the Channel ready to hit Britain with blitzkrieg, the terrible and hugely successful tactic that had already overwhelmed Poland, Denmark, Norway, Holland, Luxembourg, Belgium, and France. The names on Schellenberg's list represent the heart and soul of a nation that made the British what they were but the List also includes a diaspora from Europe--the intellectuals, politicians, and writers who had been driven out of their own homelands by the speed of the German conquests. All human life is there--lives that were, to the Nazis, unworthy of life. Historians have found the List a curiosity. Surely, it cannot be real? It was. The Black Book is the first book to evaluate the list, and look at the chilling reality of what Hitler had in store for the nation.

War is no place for the weak. It takes its toll on everyone involved. The participants are never the same, nor is the land that is left ravaged by the brutality inflicted upon its inhabitants. The conflicts between the Soviets and Nazi Germany was no exception. Journey into some of the untold stories of the Soviet front in World War II as the Soviets fought for their freedom and their lives. Learn about Germany's master plan for the entire nation of Russia and how they planned to deal with the so-called inferior Soviets. Read more about how the Red Army fought back and won. The cost was great, but the reward was even greater. Learn about some of the many battles that caused the Soviet Union to lose nearly 14% of their population. They fought back valiantly as the Germans invaded the Motherland, driving them back out of the country. Read about the atrocities that the Soviet prisoners of war were subjected to. They were some of the first unfortunate inmates at the infamous Auschwitz and the first to take a one way trip to the gas chamber. They may have been the lucky ones though. Find out why the German's failed to take the USSR and what their fatal mistakes were that led to their eventual demise. Why did the USSR win against this super power that was bent on their destruction? What did the Germans forget to take into account? Read more about how their lack of planning and accessibility to supplies was their ultimate undoing. What lengths did the Red Army go to in order to secure manpower? For the scholar or the novice, this book has plenty of stories that will leave you moved and wanting to know more.

As the Nazi war machine caused death and destruction throughout Europe, one man in the Fatherland began his own reign of terror. This is the true story of the pursuit and capture of a serial killer in the heart of the Third Reich. For all appearances, Paul Ogorzow was a model German. An employed family man, party member, and sergeant in the infamous Brownshirts, he had worked his way up in the Berlin railroad from a manual laborer laying track to assistant signalman. But he also had a secret need to harass and frighten women. Then he was given a gift from the Nazi high command. Due to Allied bombing raids, a total blackout was instituted throughout Berlin, including on the commuter trains—trains often used by women riding home alone from the factories. Under cover of darkness and with a helpless flock of victims to choose from, Ogorzow's depredations grew more and more horrific. He escalated from simply frightening women to physically attacking them, eventually raping and murdering them. Beginning in September 1940, he started casually tossing their bodies off the moving train. Though the Nazi party tried to censor news of the attacks, the women of Berlin soon lived in a state of constant fear. It was up to Wilhelm Lüdtkke, head of the Berlin police's serious crimes division, to hunt down the madman in their midst. For the first time, the gripping full story of Ogorzow's killing spree and Lüdtkke's relentless pursuit is told in dramatic detail. From the Hardcover edition.

The People's War lifts the Stalinist veil of secrecy to probe an almost untold side of World War II: the experiences of the Soviet people themselves. Going beyond dry and faceless military accounts of the eastern front of the "Great Patriotic War" and the Soviet state's one-dimensional "heroic People," this volume explores how ordinary citizens responded to the war, Stalinist leadership, and Nazi invasion. Drawing on a wealth of archival and recently published material, contributors detail the calculated destruction of a Jewish town by the Germans and present a chilling picture of life in occupied Minsk. They look at the cultural developments of the war as well as the wartime experience of intellectuals, for whom the period was a time of relative freedom. They discuss women's myriad roles in combat and other spheres of activity. They also reassess the behavior and morale of ordinary Red Army troops and offer new conclusions about early crushing defeats at the hands of the Germans--defeats that were officially explained as cowardice on the part of high officers. A frank investigation of civilian life behind the front lines, The People's War provides a detailed, balanced picture of the Stalinist USSR by describing not only the command structure and repressive power of the state but also how people reacted to them, cooperated with or opposed them, and adapted or ignored central policy in their own ways. By putting the Soviet people back in their war, this volume helps restore the range and complexity of human experience to one of history's most savage periods.

As heard on the New Yorker Radio Hour: The triumphant and "engaging history" (The New Yorker) of the young women who devised a winning strategy that defeated Nazi U-boats and delivered a decisive victory in the Battle of the Atlantic. By 1941, Winston Churchill had come to believe that the outcome of World War II rested on the battle for the Atlantic. A grand strategy game was devised by Captain Gilbert Roberts and a group of ten Wrens (members of the Women's Royal Naval Service) assigned to his team in an attempt to reveal the tactics behind the vicious success of the German U-boats. Played on a linoleum floor divided into painted squares, it required model ships to be moved across a make-believe ocean in a manner reminiscent of the childhood game, Battleship. Through play, the designers developed "Operation Raspberry," a counter-maneuver that helped turn the tide of World War II. Combining vibrant novelistic storytelling with extensive research, interviews, and previously unpublished accounts, Simon Parkin describes for the first time the role that women played in developing the Allied strategy that, in the words of one admiral, "contributed in no small measure to the final defeat of Germany." Rich with unforgettable cinematic detail and larger-than-life characters, A Game of Birds and Wolves is a heart-wrenching tale of ingenuity, dedication, perseverance, and love, bringing to life the imagination and sacrifice required to defeat the Nazis at sea.

A "chilling" and "expertly" written history of the 1939 September Campaign and the onset of World War II (Times of London). For Americans, World War II began in December of 1941, with the bombing of Pearl Harbor; but for Poland, the war began on September 1, 1939, when Hitler's soldiers invaded, followed later that month by Stalin's Red Army. The conflict that followed saw the debut of many of the features that would come to define the later war-blitzkrieg, the targeting of civilians, ethnic cleansing, and indiscriminate aerial bombing-yet it is routinely overlooked by historians. In Poland 1939, Roger Moorhouse reexamines the least understood campaign of World War II, using original archival sources to provide a harrowing and very human account of the events that set the bloody tone for the conflict to come.

Discover The Truth Of What Really Happened In The Nazi Death Camps: The Chilling Stories Of Auschwitz And The Holocaust Many historians have explained the holocaust and the tragedy of the Second World War. How did one evil man convince millions of good people to want to destroy their neighbors' homes, family, traditions, religion and life? Was it a mass delusion? Was it just about the money? Some believe the holocaust didn't even happen. Some believe the wars of today are simulated. Many people in the 30's and 40's didn't believe the phone calls, greeting cards and letters they received with warning signs from the feared death camps all over Europe. Still, millions of innocent people perished in front of everyone's eyes. If you have heard of the vicious crimes that went on in Auschwitz and want to know

Learn about what it was like to be in a concentration camp, and how a soldier managed when they were at the front. You will discover: -

The Second World War might have officially ended in May 1945, but in reality it rumbled on for another ten years... The end of the Second World War in Europe is one of the twentieth century's most iconic moments. It is fondly remembered as a time when cheering crowds filled the streets, danced, drank and made love until the small hours. These images of victory and celebration are so strong in our minds that the period of anarchy and civil war that followed has been forgotten. Across Europe, landscapes had been ravaged, entire cities razed and more than thirty million people had been killed in the war. The institutions that we now take for granted - such as the police, the media, transport, local and national government - were either entirely absent or hopelessly compromised. Crime rates were soaring, economies collapsing, and the European population was hovering on the brink of starvation. In Savage Continent, Keith Lowe describes a continent still racked by violence, where large sections of the population had yet to accept that the war was over. Individuals, communities and sometimes whole nations sought vengeance for the wrongs that had been done to them during the war. Germans and collaborators everywhere were rounded up, tormented and summarily executed. Concentration camps were reopened and filled with new victims who were tortured and starved. Violent anti-Semitism was reborn, sparking murders and new pogroms across Europe. Massacres were an integral part of the chaos and in some places - particularly Greece, Yugoslavia and Poland, as well as parts of Italy and France - they led to brutal civil wars. In some of the greatest acts of ethnic cleansing the world has ever seen, tens of millions were expelled from their ancestral homelands, often with the implicit blessing of the Allied authorities. Savage Continent is the story of post WWII Europe, in all its ugly detail, from the end of the war right up until the establishment of an uneasy stability across Europe towards the end of the 1940s. Based principally on primary sources from a dozen countries, Savage Continent is a frightening and thrilling chronicle of a world gone mad, the standard history of post WWII Europe for years to come.

Dear Madam - You are surely informed about the situation of all Jews in Central Europe and this letter

Download File PDF World War 2 A Chilling Testimony Of A German Citizen Living During The War The Personal Account Of Hans Wagner 2nd Edition Ww2 Wwii

will not astonish you. In August 1939, just days before World War II broke out in Europe, a Jewish man in Vienna named Alfred Berger mailed a desperate letter to a stranger in America who shared his last name. By pure chance I got your address . . . I beg you instantly to send for me and my wife... Decades later, journalist Faris Cassell stumbled upon the stunning letter and became determined to uncover the story behind it. How did the American Bergers respond? Did Alfred and his family escape Nazi Germany? Over a decade-long investigation in which she traveled thousands of miles, explored archives and offices in Austria, Belarus, Czech Republic, and Israel, interviewed descendants, and found letters, photos, and sketches made by family members during the Holocaust, Cassell wrote the devastating true story of The Unanswered Letter.
